GETTING STARTED

The system consists of various comprehensive functionalities and high-performance analytical tools. However, in this user guide, we have grouped the components into few visibly section for you through understanding of the system's interfaces and functionalities. In this user guide, you may look for WebECOS components as we grouped them into:

- Home
- Stocks
- Indices
- Market

HOME

This will be the first and foremost screen that you will view once you log into **WebECOS**.

Screen 1: Home

Organise Favourites

Before adding stock to favourites, you are required to add/create a **Favourites** group.

Favourites group is a customizable folder for you to categorize your stocks into various categories for ease of view.

You may have a maximum number of 10 groups with a maximum number of 30 stocks per group.

You have the option to add any single or multiple stock(s) that you view from the **Home** or **Quotation** list into your **Favourites** group.

Create New Favourites Group

Select the **Organise Favourites** icon.

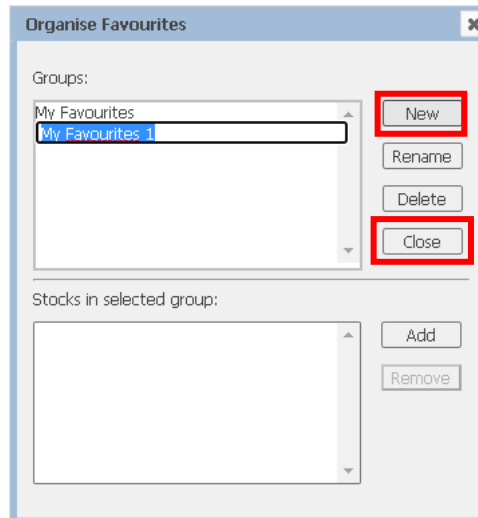

Screen 1: Home – Organise Favourites

An **Organise Favourites** pop-up box is displayed.

Click on **New** button.

A group with the default name will be created. You can either use the default favourites name e.g. **My Favourites 1** or change the folder name e.g. **Main Market Counters**, etc.

Click on **Close** button once completed.

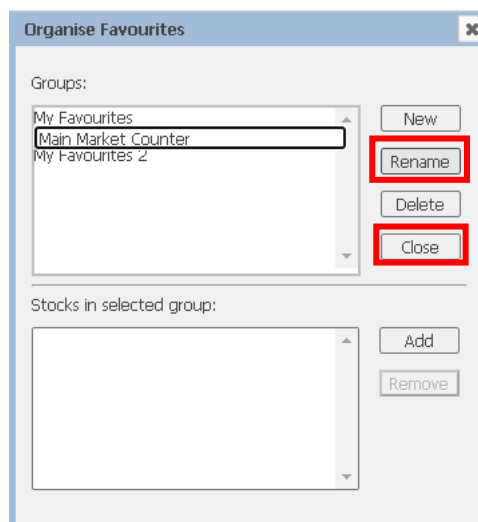

Screen 2: Organise Favourites – New

Rename Favourites Group

Under the **Organise Favourites** pop-up box, select any existing favourites group that you intend to rename.

Click on **Rename** button and type in the new folder name, such as **Main Market Counter**.

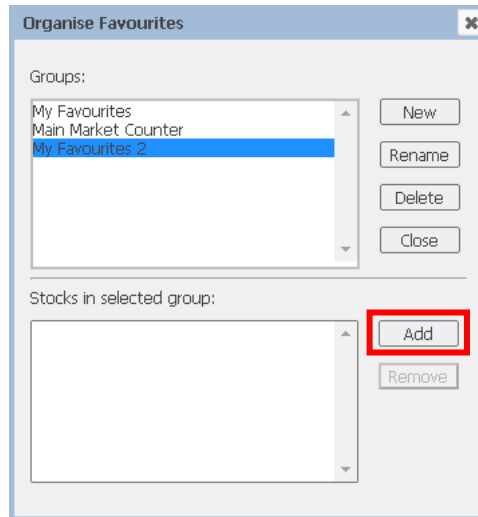

Click on **Close** button once completed.

Screen 1: Organise Favourites – Rename

Add Single/Multiple Stock(s) into Favourites Group

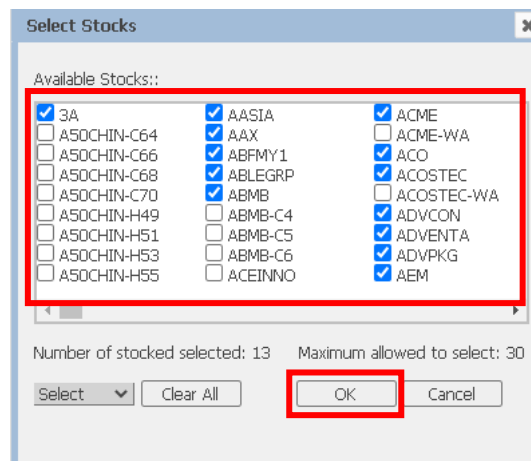

Under the **Organise Favourites** pop-up box, select any existing favourites group that you intend to add stocks into and then click on **Add** button.

Screen 1: Organise Favourites – Add

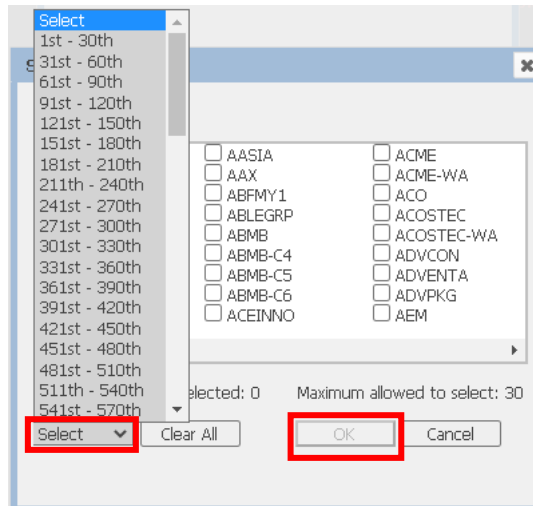

There are 2 ways for you to add stocks to your favourites group:

- From **Select Stocks** pop-up box, you can manually select stocks by clicking on the checkboxes next to stock name from **Available Stocks** list and then click on **OK** button to proceed.

Screen 2: Organise Favourites – Add: Select Specific Stocks

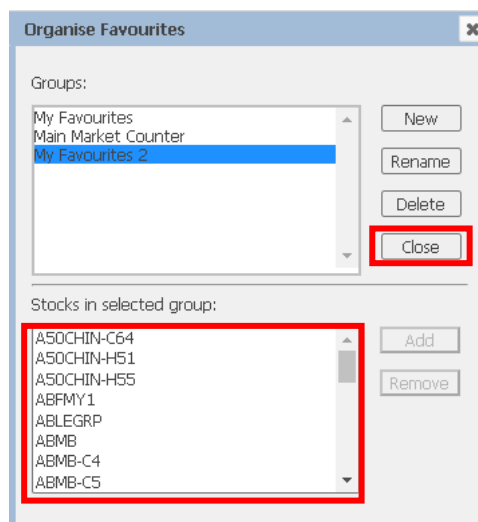

- You can also click on **Select** to choose from the **Available Stocks** list. A **Stocks** range list will appear for user to select according to stocks range beginning from **1st** until **30th**, **31st** until **60th** and to the last stock range available.
- Next, click on **OK** button to proceed.

Screen 3: Organise Favourites – Add: Select Grouped Stocks

Note: Maximum stocks allowed for each favourites group is up to 30 stocks.

Click on **Close** button once completed.

Screen 4: Organise Favourites – Added Stock(s) into Favourites Group

Remove Single/Multiple Stock(s) from Favourites Group

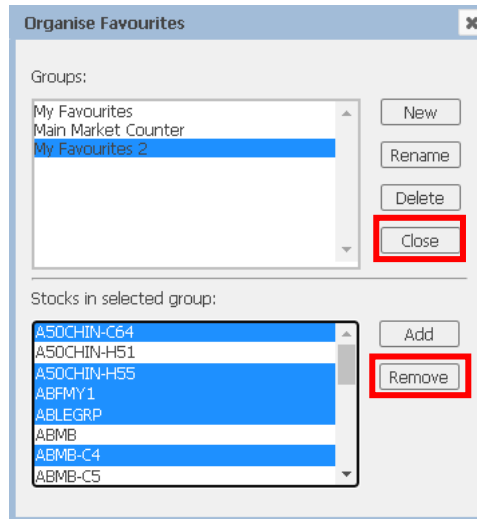

Under the **Organise Favourites** pop-up box, select any existing favourites group that you intend to remove stocks from.

Next, select stock(s) that you want to remove from **Stocks in selected group** list.

Note: To select multiple stocks, press **Ctrl** keyboard button while selecting the stocks to be removed

Click on **Remove** button.

Click on **Close** button once completed.

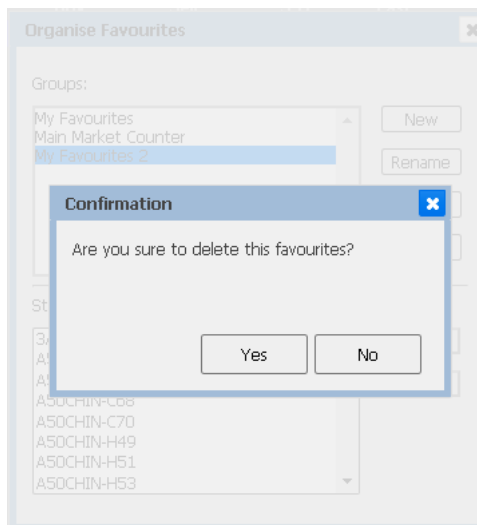

Screen 1: Organise Favourites – Remove Stock(s) from Favourites Group

Delete Favourites Group

Under the **Organise Favourites** pop-up box, select any existing favourites group that you intend to delete and then click on **Delete** button.

A confirmation message will be displayed. Click **Yes** to proceed with deletion or **No** to cancel.

Screen 1: Organise Favourites – Delete

The **Favourites** group is now removed from the list or remain as previous list.

Click on **Close** button once completed.

Add Stock to Favourites Group

To add a **single** stock to your **Favourites** group, select or highlight the stock and then click on the **Add Stock to Favourites** icon.

List of **Favourites** group will be displayed. Click on the group's name to add the stock into it.

Screen 1: Home – Add Stock to Favourites

You can also select or highlight the stock, right click to select **Add to Favourites**, and then select your **Favourites** group name.

Screen 2: Home – Right-Click Menu (Add to Favourites)

Move Favourite Stock Up/Down within This Favourites Group

To **rearrange** favourite stock positioning within **Favourites** group, select your **Favourites** group from **Ranking** list, such as selecting **My Favourites** from the list as shown in the screen below.

Screen 1: Home: Ranking List – Select Favourites Group

Under the selected **Favourites** group, in the **Price Feed** area, click on **Move Up** icon to move the selected/highlighted stock to upper row or **Move Down** icon to move the selected/highlighted stock to the lower row than current position.

*Note: This function is enabled if the total stocks in the **Favourites** group is more than 2 stocks.*

Screen 2: Home: Favourites Group – Remove Stock From This Favourite

You can also select or highlight the stock, and then right click to select **Remove From This Favourites**.

Screen 3: Home: Favourites Group – Right-Click Menu (Remove From This Favourites)

Customise Columns

You can choose the columns that you want to observe when viewing the price feed/live quote.

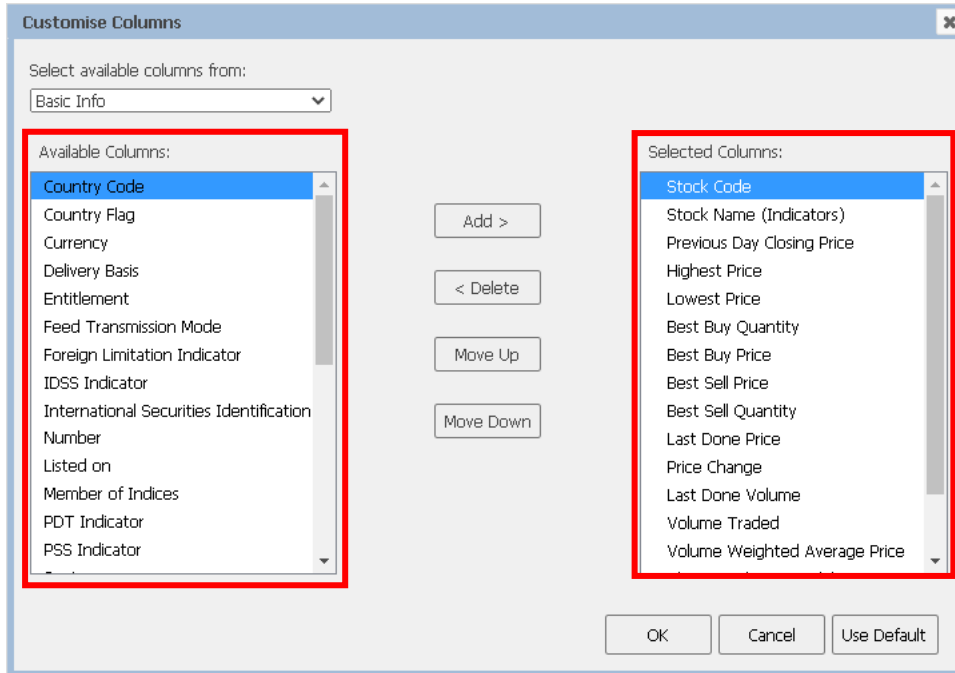

You can also rearrange the columns i.e. moving the column before or after another column or arrange the price feed/live quote according to either ascending or descending order.

To select the columns to be displayed, click on the **Customise Columns** icon.

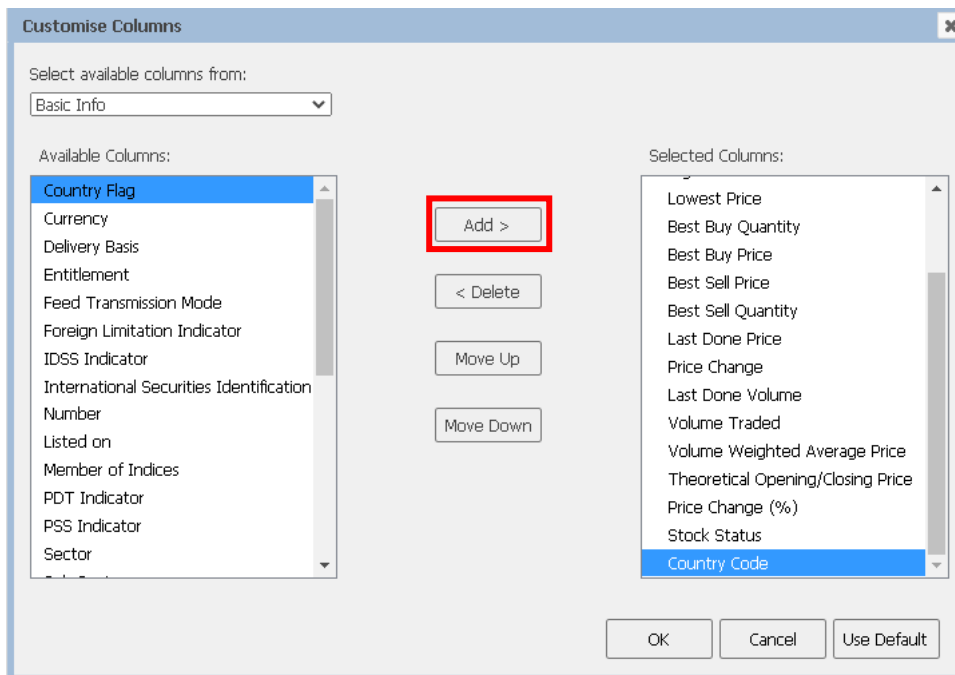

Screen 1: Home – Customise Columns

On the left side is the list of columns that can be added and on the right side are the columns that has already been added to the price feed/live quote.

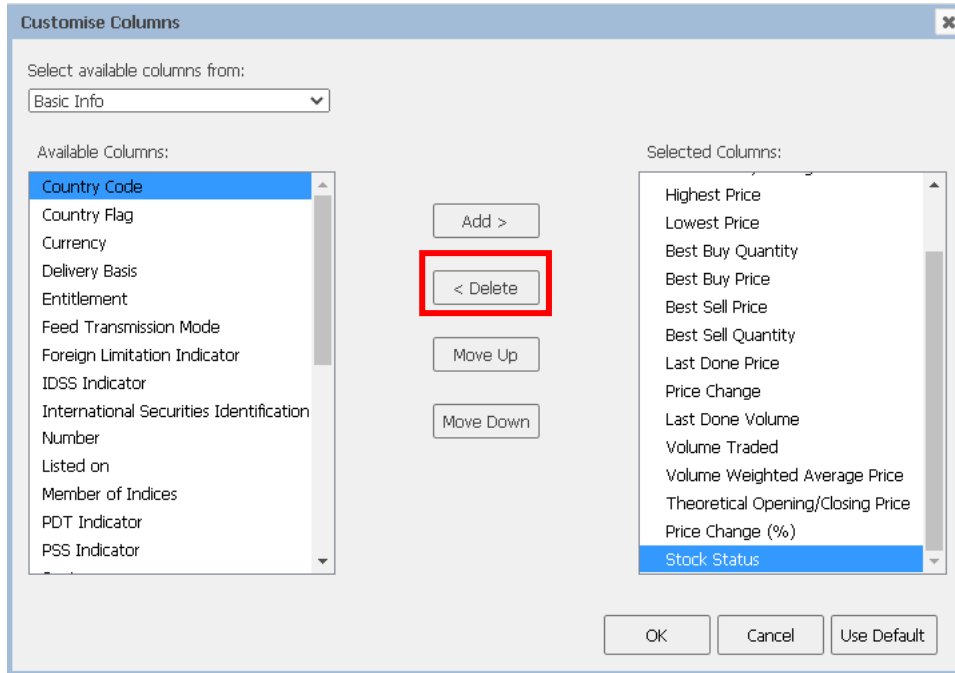

Screen 2: Customise Columns

To add column(s), select the column(s) on the left side and click on **Add >** button.

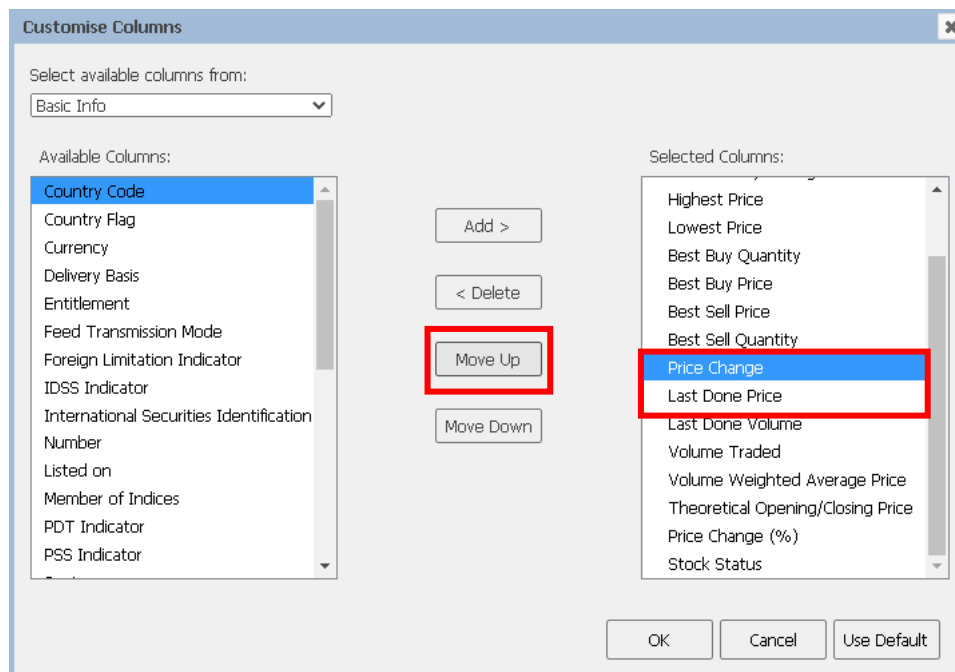

Screen 3: Customise Columns – Add

To remove column(s), select the column(s) on the right side and click on **< Delete** button.

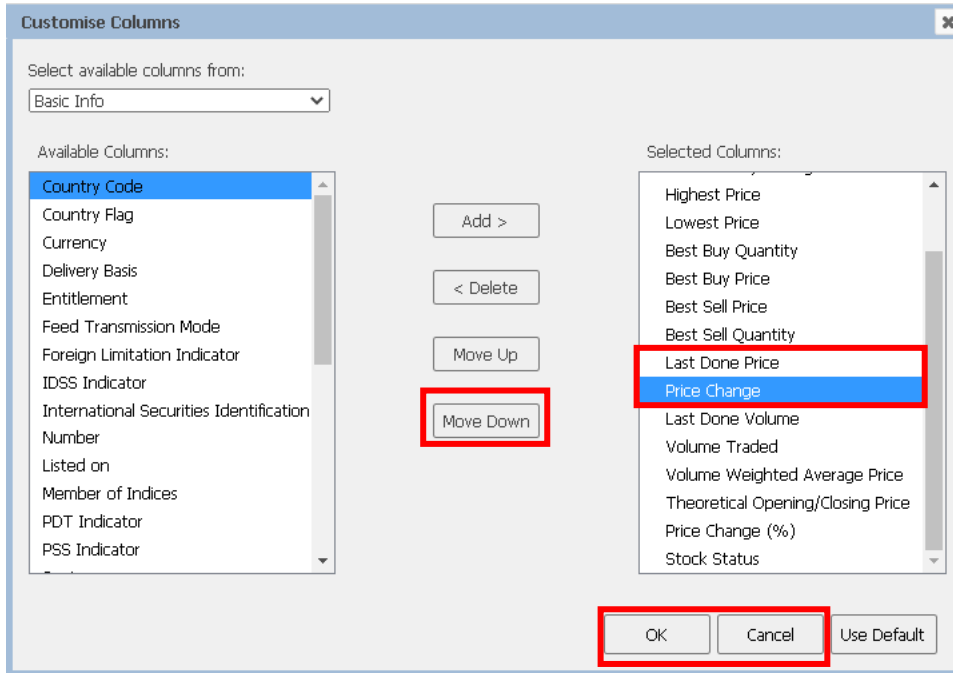

Screen 4: Customise Columns – Delete

In the **Selected Columns** area, the columns are arranged from left to the right of the price feed screen. To arrange the columns, select the column and drag it up or down or click **Move Up** or **Move Down**. **Move Up** means the columns are **arranged to the left** of the price feed screen. **Move Down** means the columns are **arranged to the right** of the price feed screen.

Screen 5: Customise Columns – Move Up

Screen 6: Customise Columns – Move Down

Click on **OK** button to confirm changes or **Cancel** button to cancel changes.

Show Handy Info

The **Show Handy Info** function allows you to locate **Handy Information** and other panels attached to it, such as **Fast Quote**, **Daily Stock Chart**, and **Latest Transactions**.

To display handy info in different layouts, click on the **Show Handy Info** icon and select either **Right**, **Bottom**, **Pop-up** or **Off** (i.e. by default, it is **Off**).

Screen 1: Home: Ranking List – Top Gainers

Double-click on any of the stocks listed in the ranking list will bring you to the **Stocks: Trade Detail** screen.

Screen 2: Stocks: Trade Detail

STOCKS

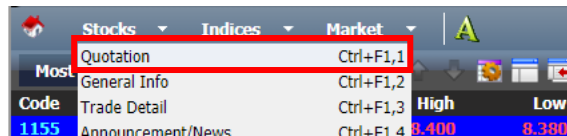

Quotation

Displays the real time stock quotations of the stocks listed under Bursa Malaysia.

The quotations are grouped/categorized into various ranking groups for ease of reference, for example, you may choose to view quotations of the **Most Active Counters**, **Top Gainers**, etc.

You may also categorize your own stocks into your self customised folder labeled as **My Favourites**.

To view the quotation of stocks, navigate to **Stocks > Quotation** menu or directly press **Ctrl + F1** then **1**.

Screen 1: Stocks: Quotation – Menu

List of stocks according to specific ranking will be displayed.

Screen 2: Stocks: Quotation – Main Page

General Info

Displays the detailed information regarding a selected stock. You may be able to see the direct deals information, the odd lots information, etc.

To view the stock’s general information, navigate to **Stocks > General Info** menu or directly press **Ctrl + F1** then **2**.

Screen 1: Stocks: General Info – Menu

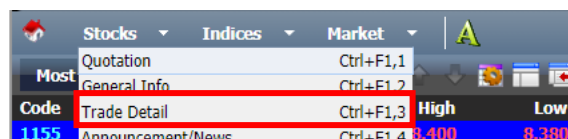

Screen 2: Stocks: General Info – Main Page

Trade Detail

Trade Detail displays all trading/transaction details of the selected stock i.e. the volume involved, the price involved, the transaction type, etc.

To view the stock’s trading detail, navigate to **Stocks > Trade Detail** menu or directly press **Ctrl + F1** then **3**. **Double-clicking** on the selected stock from **Stocks : Quotation** screen will also bring you to **Stocks : Trade Detail** screen.

Screen 1: Stocks: Trade Detail – Menu

Stocks : Trade Detail is grouped into various viewings such as:

- Overall
- All Transactions
- Grouped by Time (Chart)
- Grouped by Price/Volume

Note:

- *Live Quotes* utilizes indicators to inform you further on the available information for each transaction.
- The **Remarks** column also provides further information for each transaction i.e. it may inform you of continuous buy/sell transactions, new highest price, new lowest price, etc.

Overall

Overall displays trading information summary for the selected stock on a specific stock's trading day.

You can view trade details **Grouped By Time** charts, **Grouped By Volume** vector chart, **Chart By Transactions** pie chart, **Handy Information** and **Today's Trade Summary**.

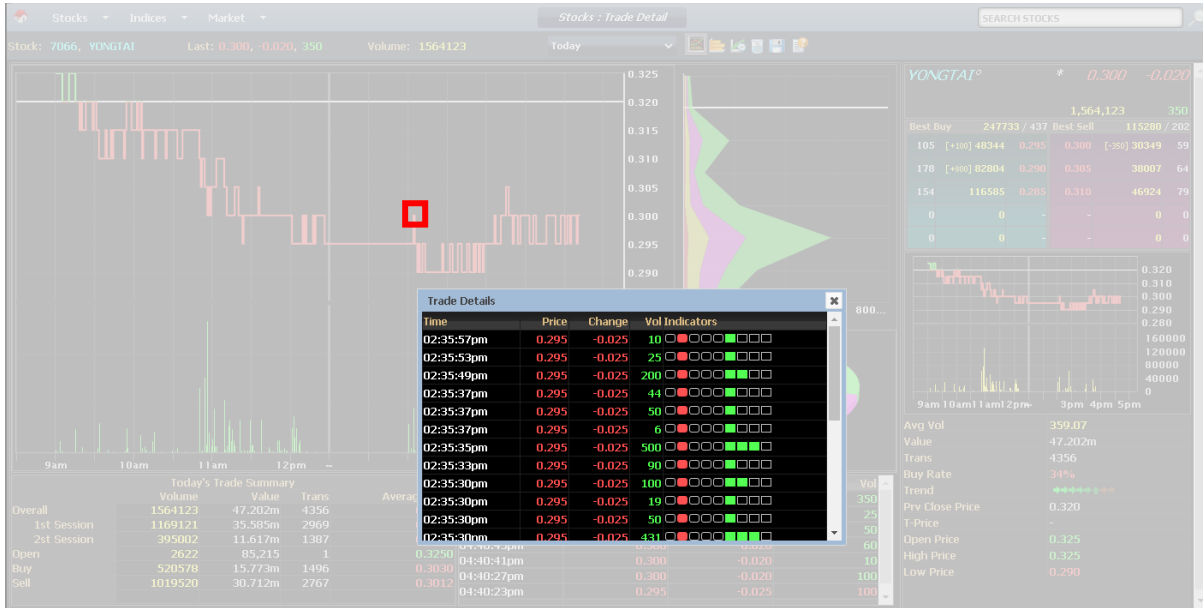

To view overall trading information summary, select the **Overall** icon. You can also use the shortcut key **Ctrl + O** on your keyboard.

Screen 1: Stocks: Trade Detail – Overall

Observe the vector chart to trace which price/volume range has the highest value/volumes add up in total from the **Chart by Price/Volume**. You can also view which volume range has the most transactions that occur from the **Chart by Transactions** pie chart.

Click on any area from bottom side of **Intra-Day Price/Volume Chart (Today)** or **Intra-Day Price Chart (Today)** to view detailed trading transaction (Trade Details) shown in the following attached pop up window.

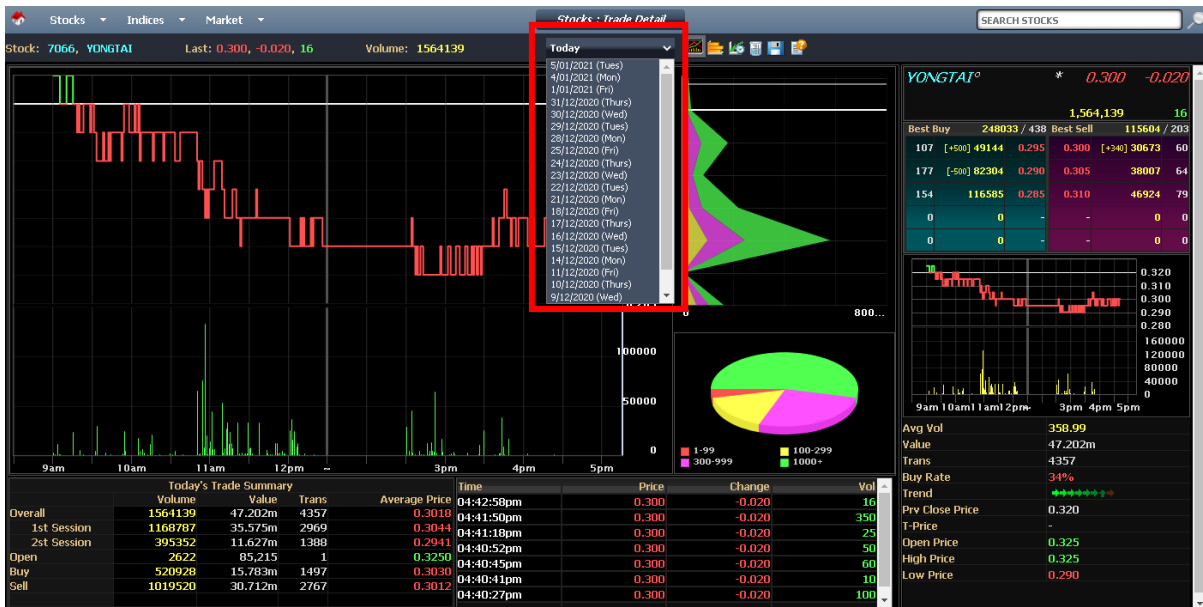

Screen 2: Stocks: Trade Detail – Overall (Trading Transactions Details)

Clicking on a price in the **Price Volume Chart** shows all transactions that occurred on that particular price.

Clicking on a time in the **Time Volume Chart** shows all transactions that occurred on that particular time.

Another special function resides in the **Stocks : Trade Detail** is the historical trade selection view. You can view the trade details for the past month. You can select date from the dropdown list as shown in the screen below.

Screen 3: Stocks: Trade Detail – Overall (Select Historical Date)

For example, select date **05/01/2021** from the list.

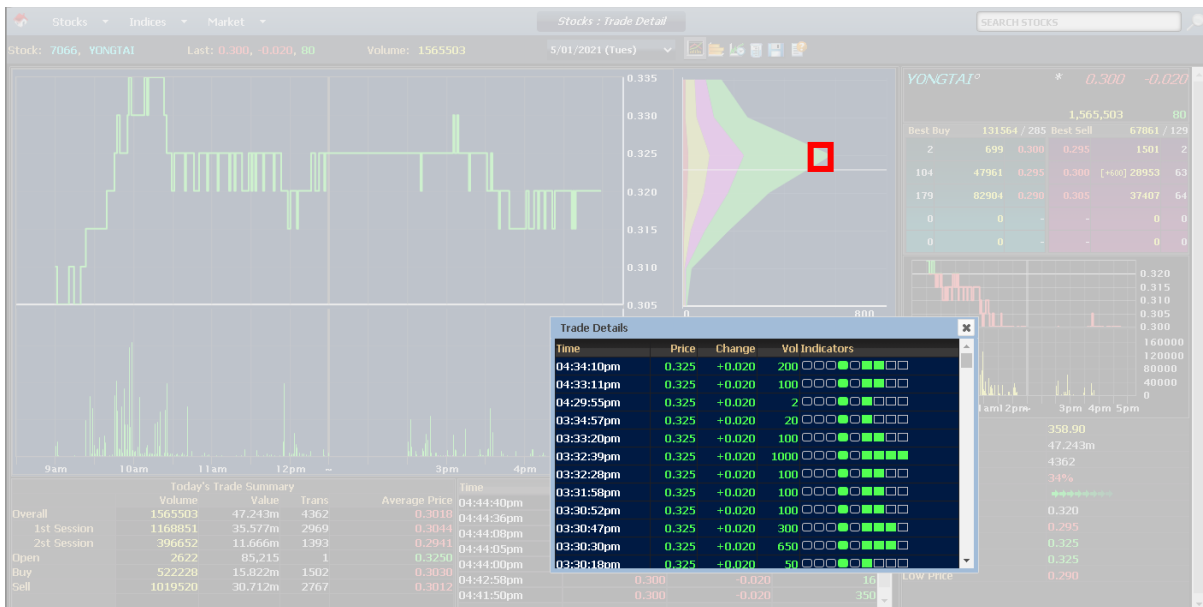

Stocks : Trade Detail screen for the selected date will be displayed. Notice that the background colour for previous intra-day chart area is also different from today's intra-day chart.

Screen 4: Stocks: Trade Detail – Overall (Historical Trading Details)

Clicking on a price in the **Price Volume Chart** shows all transactions that occurred on that particular price.

Clicking on a time in the **Time Volume Chart** shows all transactions that occurred on that particular time.

Screen 5: Stocks: Trade Detail – Overall (Historical Transactions for Price/Volume Chart)

All Transactions

Display the details of each transaction that has occurred throughout the trading day.

To view all transactions, select the **All Transactions** icon. You can also use the shortcut key **Ctrl + A** on your keyboard.

The screenshot displays the 'Stocks: Trade Detail' window for YONGTAI. The main table lists transactions with columns: No, Time, Price, Change, Vol, Acc Vol, Val, Acc Val, Indicators, and Remarks. The status bar at the bottom shows: VWAP: 0.3018, Avg Vol/Trans: 358.90, Buy Rate: 34%. On the right, there is a summary panel for YONGTAI with fields for Best Buy, Value, Trans, Buy Rate, Trend, and various price points.

Screen 1: Stocks: Trade Detail – All Transactions

Selecting a few transactions in the all transaction list will calculate the **VWAP**, **Avg Vol/Trans** and percentage of **Buy Rate** of the selected transaction and the result displayed at window's status bar as shown in the screen below.

This screenshot shows the same 'Stocks: Trade Detail' window for YONGTAI, but with several transactions selected (highlighted in blue). The status bar at the bottom has updated to show: VWAP: 0.3000, Avg Vol/Trans: 275.00, Buy Rate: 100%. A note at the bottom right states: '* Summary shown is calculated based on selected trades.' The right-hand summary panel also reflects the selected data.

Screen 2: Stocks: Trade Detail – All Transactions (Select Multiple Transactions)

Grouped by Time (Chart)

The transaction details of a selected stock is grouped according to the transaction time for example, every minute of the day that a transaction has occurred and if the minute is selected, you may see on your right the transactions that is done in the selected time and tabulated into a line graph format.

When you mouse over the graph, you will be able to see the transaction details on your left panel of the screen.

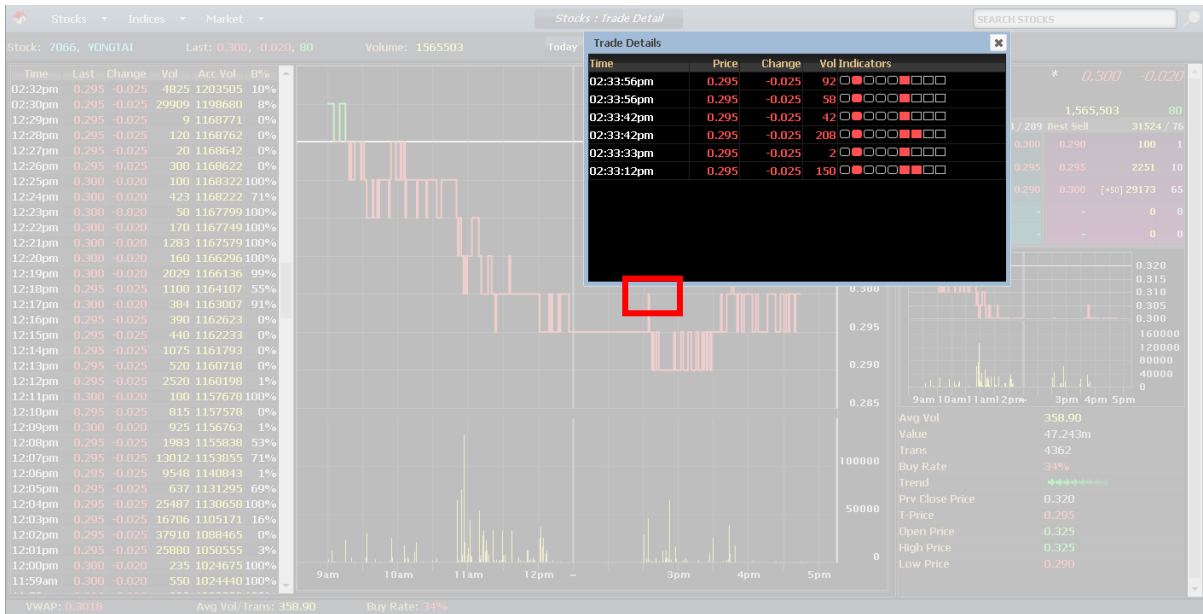

The chart allows you to see the transactions movement with ease in chart format.

To view the trade details grouped by time, select the **Grouped by Time (Chart)** icon. You can also use the shortcut key **Ctrl + C** on your keyboard.

Screen 1: Stocks: Trade Detail – Grouped by Time (Chart)

From the middle panel column, you may also select a time and a pop up window appear displaying all transactions at the selected time as shown in the next screen.

Screen 2: Stocks: Trade Detail – Grouped by Time (Chart) (Trading Transactions Details)

Grouped by Price/Volume

This section combines the details of selected stock transaction grouped according to the price of stock and also the volume of each stock transaction.

The upper section explains the transactions grouped by price while the lower section explains the transactions grouped by volume.

For example, there may be transaction purchases that occurred at **0.295**, **0.300** and **0.305**, so all transactions whether buy/sell will be grouped according to the prices that occurred will be displayed when the selected price is selected.

Another one is transaction details of a selected stock that is grouped according to the pre-defined volume ranges (i.e. **1 – 99**, **100 – 299**, **300 – 999** and **1000+**).

To view the trade details grouped by price, select the **Grouped by Price/Volume** icon. You can also use the shortcut key **Ctrl + P** on your keyboard.

Screen 1: Trade Detail – Grouped by Price/Volume

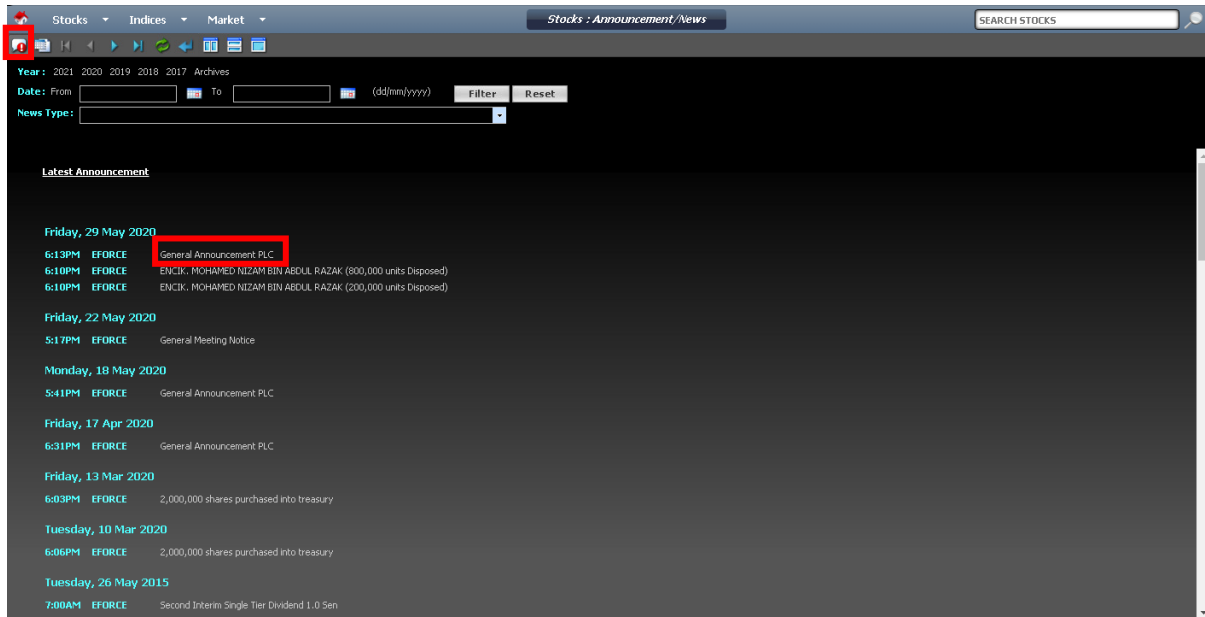

Announcement/News

The **Announcement/News** menu displays announcements of the selected stock. The symbols “*”, “*C”, “*X” and “!” beside the **Stock Name** indicates whether there is latest announcement for the marked stock. Contents of the announcement are captured from MASA feed server from Bursa Malaysia.

To view the latest announcements of a selected stock, navigate to **Stocks > Announcement/News** menu or directly press **Ctrl + F1** then **4**.

Screen 1: Stocks: Announcement/News – Menu

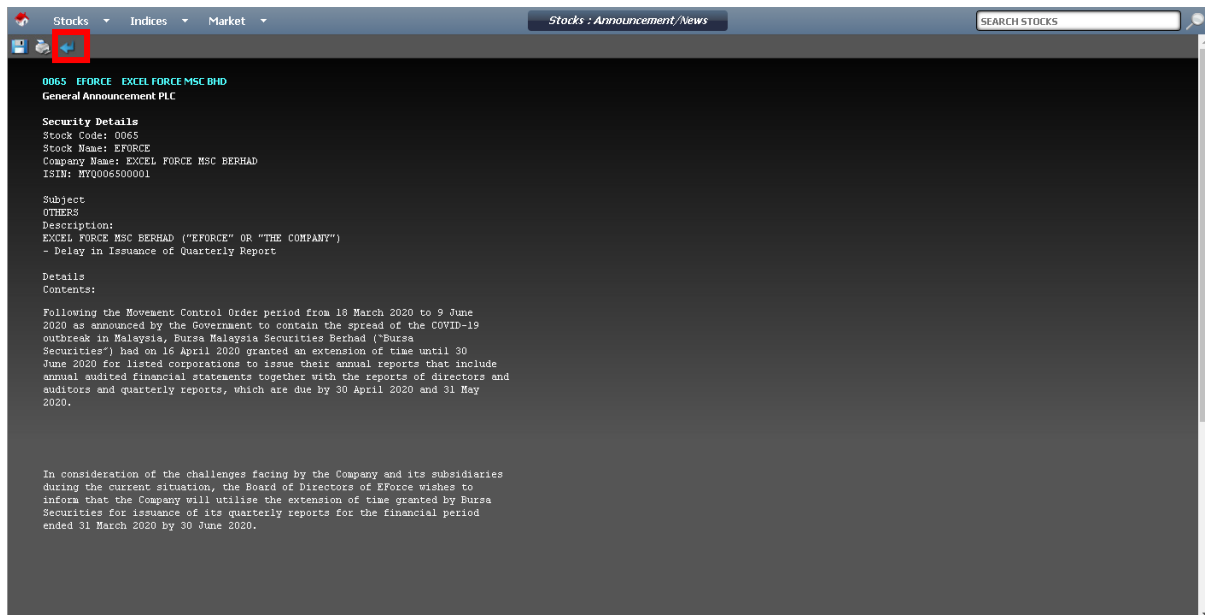

Screen 2: Stocks: Announcement/News – Main Page

To view the **Latest Announcements**, click on the **Latest Announcements** icon.

The latest announcements will be listed on top according to the latest date and then time.

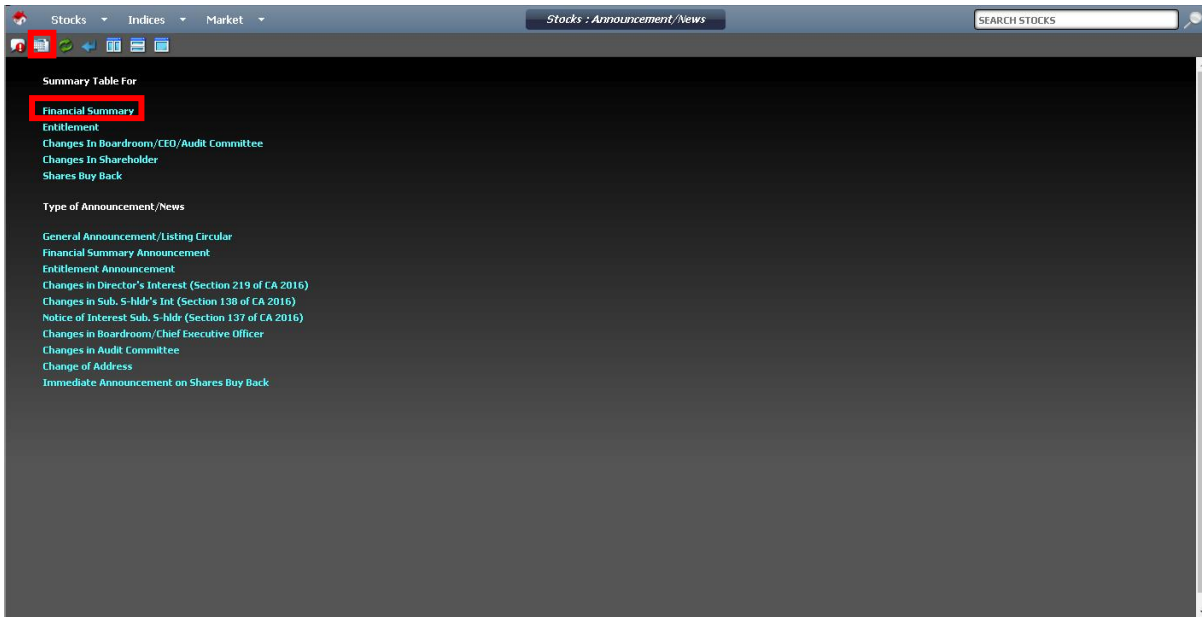

Select the announcement that you want to view by clicking on the listed titles. To return to the previous page, click on the **Back** icon.

Screen 3: Stocks: Announcement/News – News Details

To view the announcements according to topics, select the **Table of Content** icon.

The announcements are segregated according to their respective categories.

Screen 4: Stocks: Announcement/News – Table of Contents

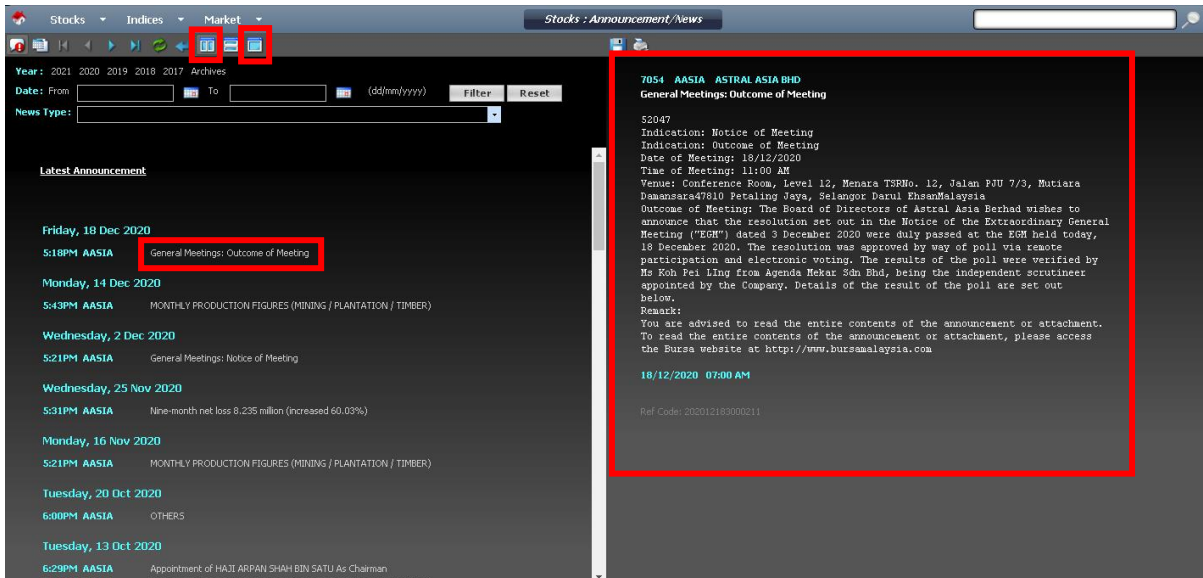

To view the announcements arranged in table format, select the announcements listed under **Summary Table For**.

Search Announcement

There are times when you need to refer to older announcement(s) for your references. To search for specific announcement(s), you need to use the searching filter option located on top of announcement main page.

Point to **Stocks > Announcement / News**.

Select searching criteria **Date From** and **To**.

Next, select **News Type** from the searching filter.

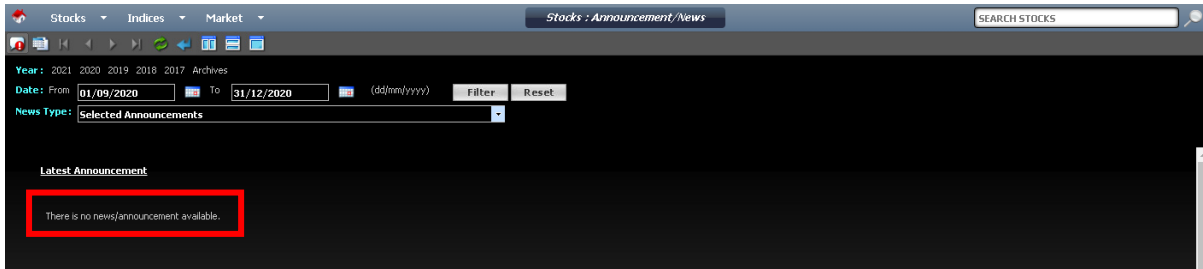

Click **Filter**.

Screen 1: Stocks: Announcement/News – Search Specific Announcement

Search result displayed as shown in the figure below.

Click **Reset** to clear searching criteria and starts a new search.

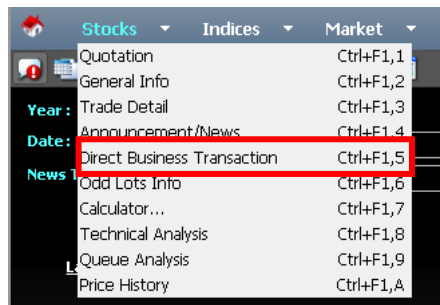

Screen 2: Stocks: Announcement/News – Search Result

Direct Business Transaction

This section consists of information on company’s Direct Business Transaction (**DBT**). **DBT** occurs when there is a large shares purchase requested by new or existing shareholder. Normally it is handled by an Exchange Participant who acts for both the buyer and the seller, whether as principal or agent.

To view **DBT**, navigate to **Stocks > Direct Business Transaction** menu or directly press **Ctrl + F1** then **5**.

Screen 1: Stocks: Direct Business Transaction – Menu

Screen 2: Stocks: Direct Business Transaction – Main Page

In the figure above, it filters out the various counters that are traded through DBT. The transactions are broken down into 4 different types resided in the Remarks column:

- Married Deal – Normal
- Married Deal – Odd Lot
- Cross Trade – Normal
- Cross Trade – Odd Lot

Note:

- *Married Deal: A Direct Business transaction in securities where a Participating Organization acts on behalf of both the buying and selling clients.*
- *Cross Trade: A Direct Business transaction in securities between two clients of different Participating Organizations.*
- *Odd Lot: A trade with the quantity of shares less than one board lot.*

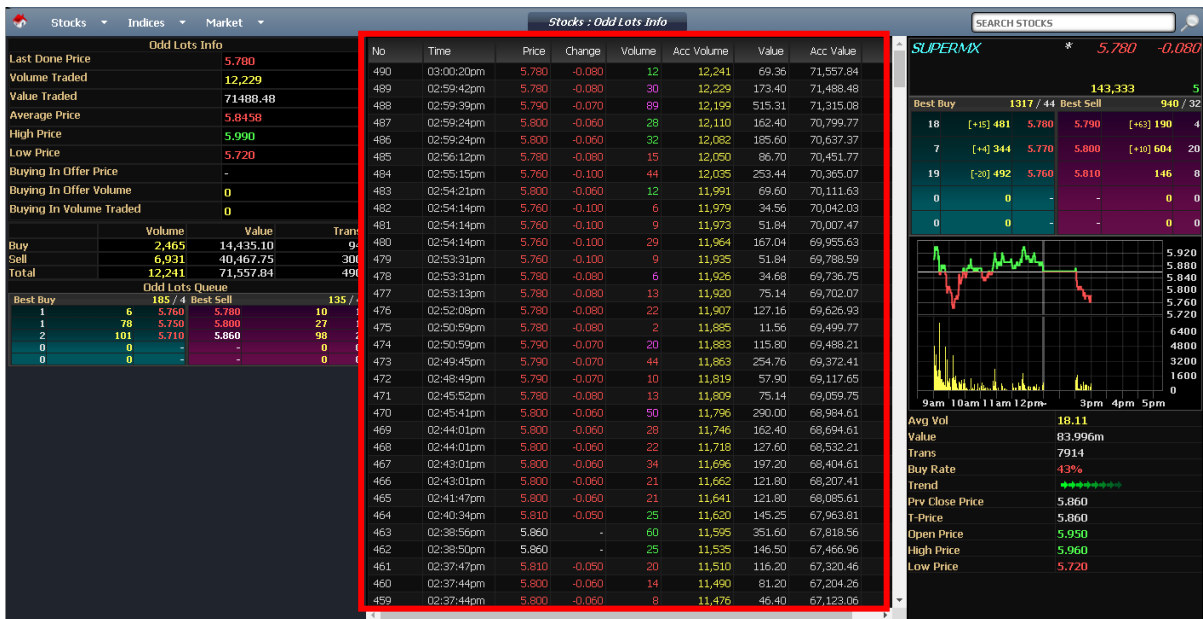

Odd Lots Info

Displays all **Odd Lots** transaction request i.e. the buy/sell request, the amount of odd lots requested, the price desired and the status whether the odd lots request is still outstanding or has been matched and settled.

To view odd lots information, navigate to **Stocks > Odd Lots Info** menu or directly press **Ctrl + F1** then **6**.

Screen 1: Stocks: Odd Lots Info – Menu

Screen 2: Stocks: Odd Lots Info – Main Page

Note: The Acc Volume stated is in share units.

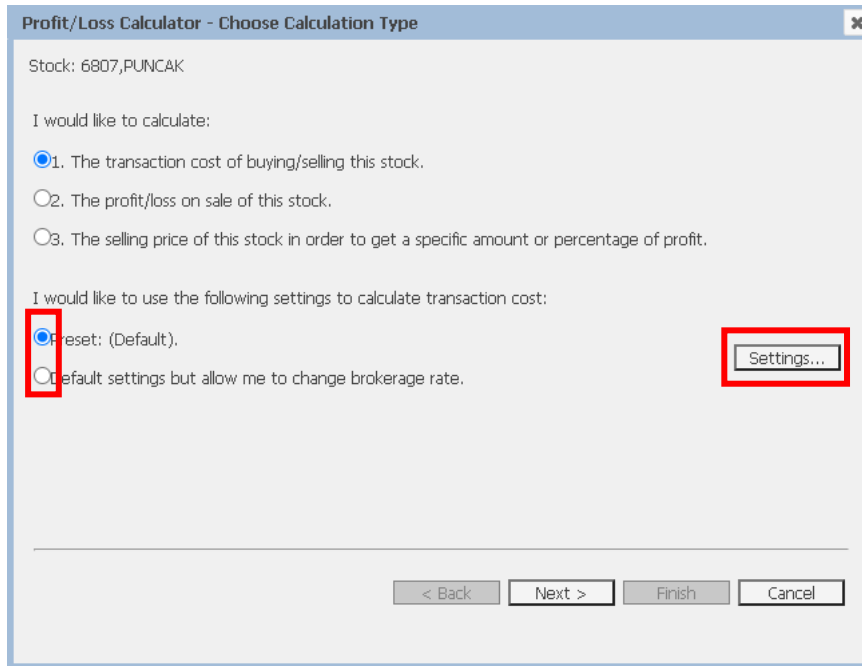

Calculator

The **Calculator** allows you to make easy calculations such as the profit/loss that you will make if the stock is sold at a certain price or the price that you should sell the stock at to earn a certain profit, etc.

To calculate using the profit/loss calculator, navigate to **Stocks > Calculator...** menu or directly press **Ctrl + F1** then **7**.

Screen 1: Stocks: Calculator – Menu

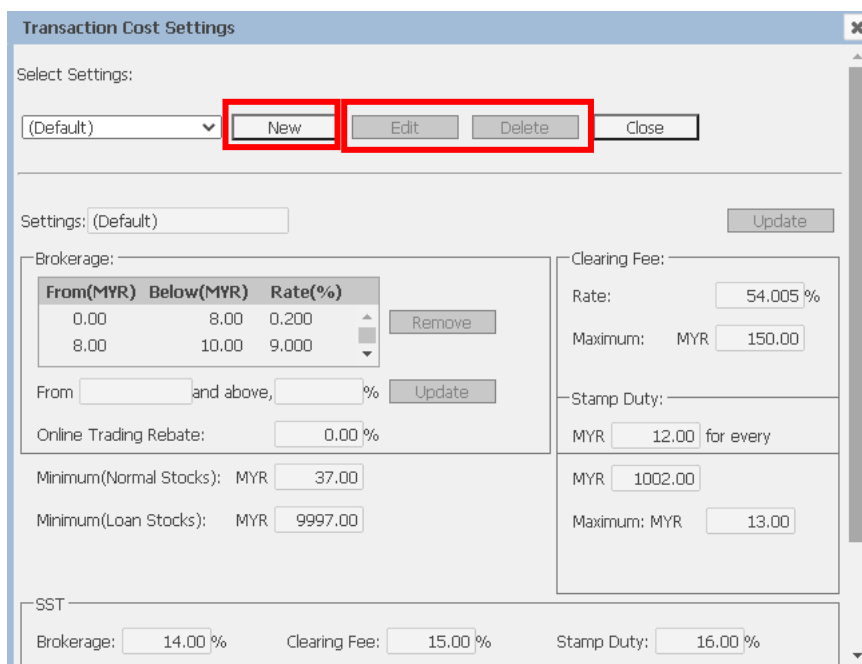

Screen 2: Profit/Loss Calculator – Choose Calculation Type

Transaction Cost Settings: Preset (Default)

The transaction cost involved in the calculations that will take place is set at a specific value by default, as the value is generally similar for almost all stock broking firms as set by Bursa Malaysia. Nevertheless, users can still define their own set of transaction cost.

Note: The default setting is not allowed to be edited or deleted as the buttons are disabled.

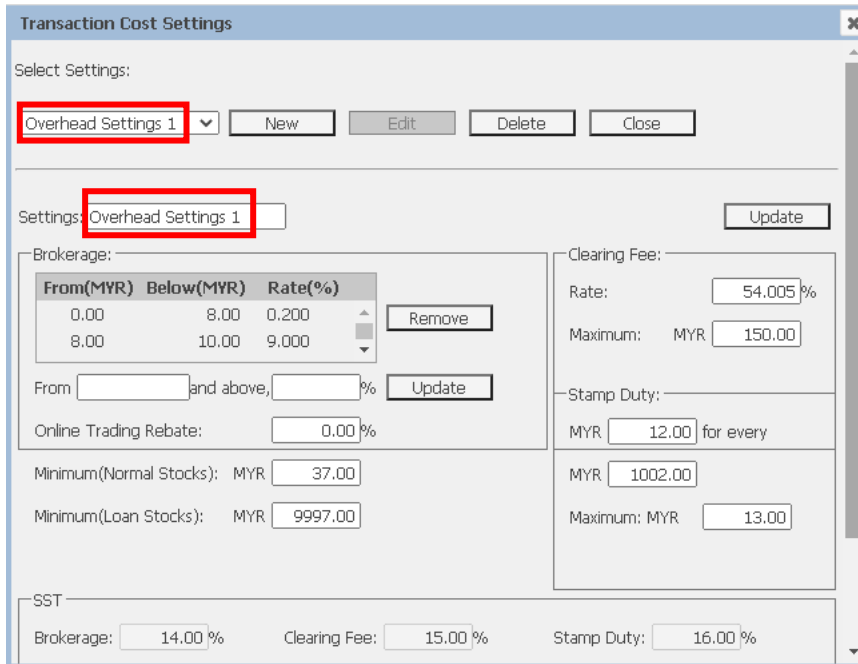

Screen 1: Transaction Cost Settings – Default Settings

To add a new settings, click on **Settings** and then click on **New**.

A new settings will be created i.e. with a default name **Overhead Settings #** whereby # is a running number.

You may change the settings name, the brokerage fee, clearing fee and the stamp duty according to your preference.

To apply the changes, click on **Update**.

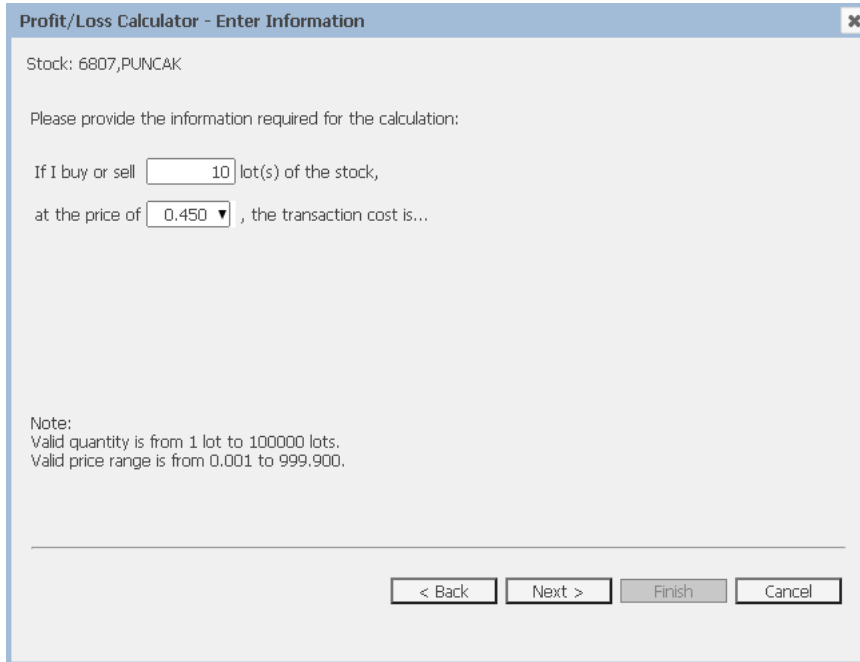

From(MYR)	Below(MYR)	Rate(%)	
0.00	8.00	0.200	Remove
8.00	10.00	9.000	

Screen 2: Transaction Cost Settings – Create New Settings

Transaction Cost Settings: Default settings but allow me to change brokerage rate

If you do not wish to change any of the transaction cost except for the brokerage rate, select **Default settings but allow me to change the brokerage rate** radio button option. Then, click **Next**. A new pop up window as shown in next figure will be displayed.

Screen 4: Profit/Loss Calculator – Calculation Result with IPO (Type 2)

Note:

- Under the P/L column, if the value is written in red, it means that it is a loss and if the value is written in green, it means that it is a profit.
- For IPO stocks, the calculation would be slightly different as there would be no purchase cost

To view more calculation details, select a value row and then click **Detail**.

INDICES

Listing

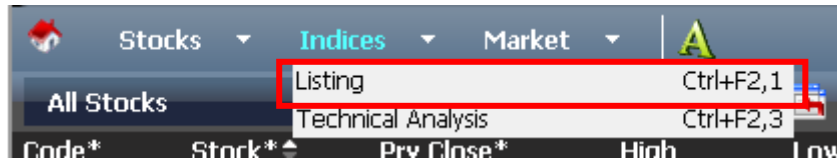

View All Indices

Displays the indices e.g. FBM KLCI, FBM 100, FBM ACE, etc. in either list or chart format.

Note: Index is a measurement of the trend of share prices. It is not just an average of share prices, but weighted to reflect the number of shares outstanding for a particular group / category.

The index allows you to analyse the stock markets condition.

To view the index values/listing, navigate to **Indices > Listing** menu or directly press **Ctrl + F2** then **1**.

Screen 1: Indices: Listing – Menu

The screenshot shows the 'Indices: Listing' main page with a search bar and a table of market indices. The table has columns for Current, Chg, Chg%, Pny Close, Open, High, Low, Volume, Value, Trans, B%, M-Cap, P/E, Up, and Down.

Double clicking on any stock listed in this window will bring you to the Trade Detail screen. Detailed explanation on Trade Detail can be found in **Stocks: Trade Detail** sub-section.

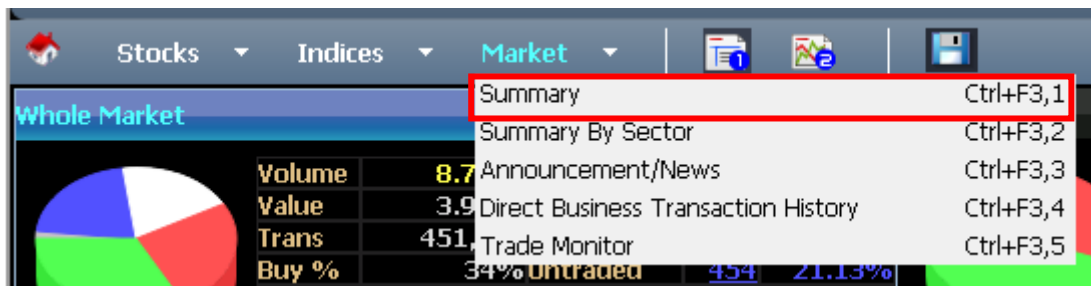

MARKET

Summary

Detailed Summary View (Page 1)

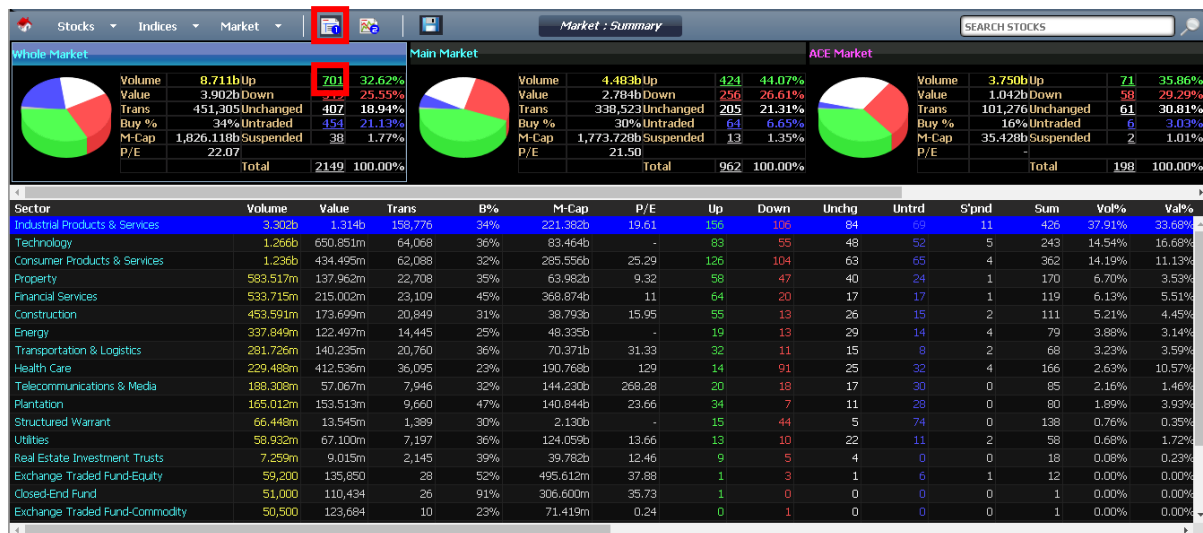

The **Summary** section displays summary of the market condition at the selected point of time. You can see the summary of the **Whole Market**, and the summary of the 2 major markets that are **Main Market** and **ACE Market**.

To view the market summary, navigate to **Market > Summary** menu or directly press **Ctrl + F3** then **1**.

Screen 1: Market: Summary – Menu

You will be able to see an overview of the market condition from the pie chart-market on top of the page and also details for each sector at the bottom page area, such as **Industrial Products & Services**, **Property**, **Financial Services** and more.

Screen 2: Market: Summary – Detail Summary View (Page 1)

From top page area, to view for example stocks under the **Whole Market** which prices are going up, click on the green portion of the pie chart under the Whole Market or click on the green underlined screen. For example, click on 701. A **Search Result** screen for **Up** counters will be displayed as shown in below screen.

Screen 4: Market: Summary – Right-Click Listing to Export Data

The **Save As** dialogue box will be displayed. Enter **File Name** and then click **<Save>**.

Summary Chart View (Page 2)

To view market details in chart format, click **Chart View (Page 2)** icon.

Screen 1: Market: Summary – Detail Summary Chart View (Page 2)

From top page area, to view example stocks under the **Whole Market** which prices are going up, click on the green portion of the pie chart under the Whole Market or click on the green underlined screen. For example, click on 701. A **Search Result** screen for **Up** counters will be displayed as shown in below screen.

Screen 2: Market: Summary – Results for “Up” Counter

Double clicking on any stock listed in this window will bring you to the Trade Detail screen. Detailed explanation on Trade Detail can be found in **Stocks: Trade Detail** sub-section.

Summary by Sector

Display the summary of the market categorized by sectors i.e. Industrial Products & Services, Technology, etc.

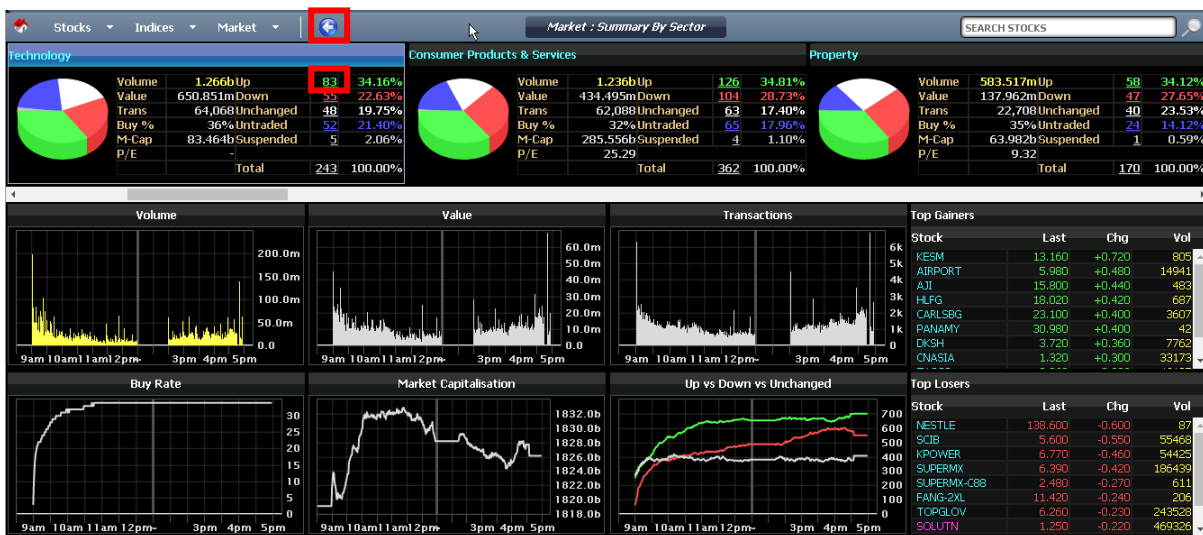

To view the market summary listed by sectors, navigate to **Market > Summary By Sector** menu or directly press **Ctrl + F3** then **2**.

Screen 1: Market: Summary By Sector – Menu

You will be able to see an overview of the selected market condition from the pie chart on top of page and also market details by chart at the bottom page area, such as volume, value, transactions, and more. For example, as shown in next screen is **Whole Market** details and condition of each sectors belong to it.

Click **Back** to return to previous sub-menu.

Screen 2: Market: Summary By Sector – Main Page

From top page area, to view example stocks under the **Whole Market** which prices are going up, click on the green portion of the pie chart under the **Whole Market** or click on the green underlined screen. For example, click on 83. A **Search Result** screen for **Up** counters will be displayed as shown in below screen.

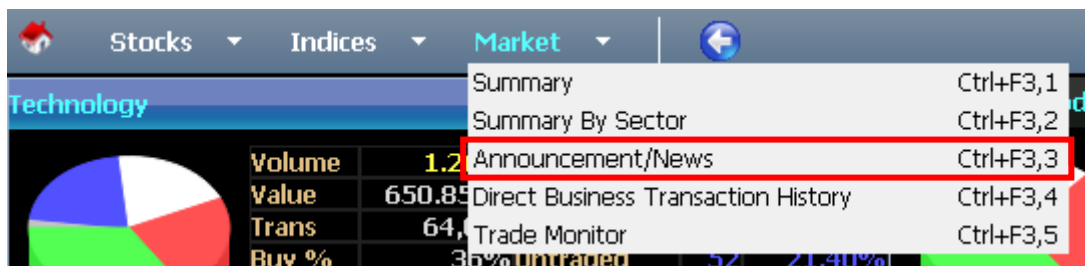

Screen 3: Market: Summary By Sector – Results for “Up” Counter

Double clicking on any stock listed in this window will bring you to the Trade Detail screen. Detailed explanation on Trade Detail can be found in **Stocks: Trade Detail** sub-section.

Announcement/News

In addition to viewing the stock quotes, WebECOS provides you with comprehensive news, which includes **Special Announcement, Members Circular, Investor Alert Announcement, Trading of Rights Announcement, Changes in Substantial Shareholding** and many more. The latest announcement / news displayed is arranged according to the latest published date and time.

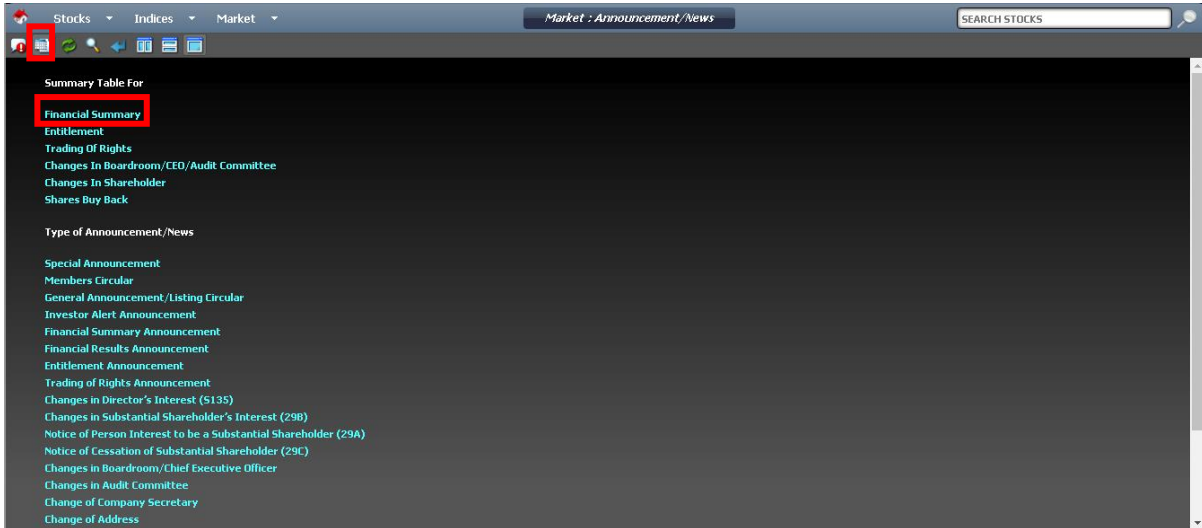

To view the announcement/news, navigate to **Market > Announcement/News** menu or directly press **Ctrl + F3** then **3**.

Screen 1: Market: Announcement/News – Menu

To view the entire announcement/news, select the **Table of Contents** icon.

You will be able to see all the announcements/news under each category by selecting the category that you want to view.

Screen 2: Market: Announcement/News – Table of Contents

Click on, for example **Financial Summary** link. Screen as shown below will be displayed.

Screen 3: Market: Direct Business Transaction History – Search Result

Trade Monitor

Displays trades as if they are executed in the market. The more transactions and the faster transactions executed is displayed, the more active the stock market is.

To view the trade monitor, navigate to **Market > Trade Monitor** menu or directly press **Ctrl + F3** then **5**.

Screen 1: Market: Trade Monitor – Menu

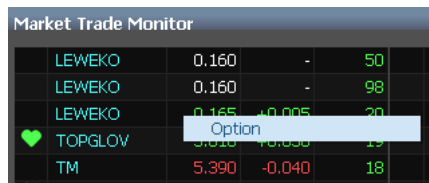

The **Market Trade Monitor** is able to display multiple monitored transactions and will continue from the start until the end repetitiously.

Note: For stocks added in any of your Favourites folder, there will be a heart shape icon displayed on the left of the stock name.

Screen 2: Market: Trade Monitor – Main Page

To customize the stocks to be monitored, right click and then select **Option**.

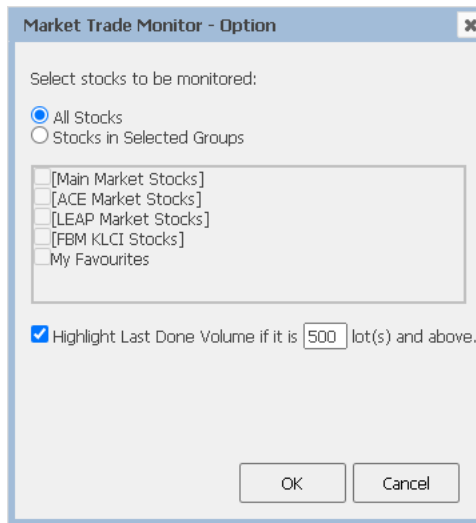

Screen 3: Market: Trade Monitor – Right-Click Option Menu

To view all stocks, select **All Stocks**.

To view selected stocks, select **Stocks in Selected Groups** and select the boards or any of your **My Favourites** folder e.g. select only Main Market Stocks to monitor stocks from the Main Market Stocks only.

You can also use the highlight function to highlight a stock if the last done volume reaches a limit that you want by checking the checkbox available and entering the total lot volume for the stock to be highlighted.

Screen 4: Market: Trade Monitor – Option

ORDER ENTRY

You will notice this bar on the WebECOS quotation screen. These features enable you to do your comprehensive online stock transactions.

Screen 1: Order Management Bar

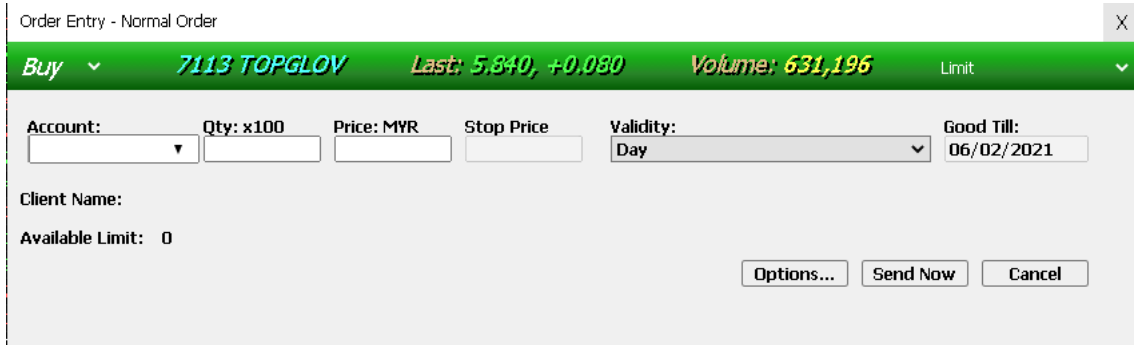

To Buy Online Stock

Select a counter from the Live Quotes, then click on **Buy** button to place a Normal order type.

Screen 1: Order Management Bar – Buy

An **Order Entry** window is displayed.

Screen 2: Order Entry – Normal Order for Buy

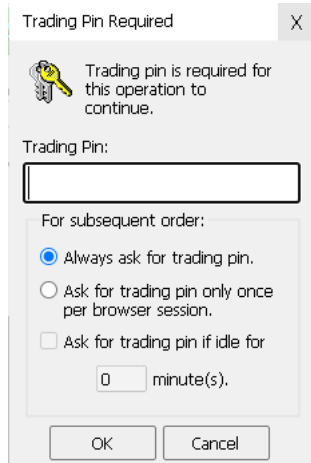

Next, select from **Account** list. The account should be your account name. If you have more than one account, select the appropriate account from the dropdown list.

Next, select **Quantity** of shares you want to purchase.

Next, select **Price** in your desired purchase value.

Select **Validity**.

After clicking **Send Now**, you will be prompted for trading PIN. Key in your trading PIN.

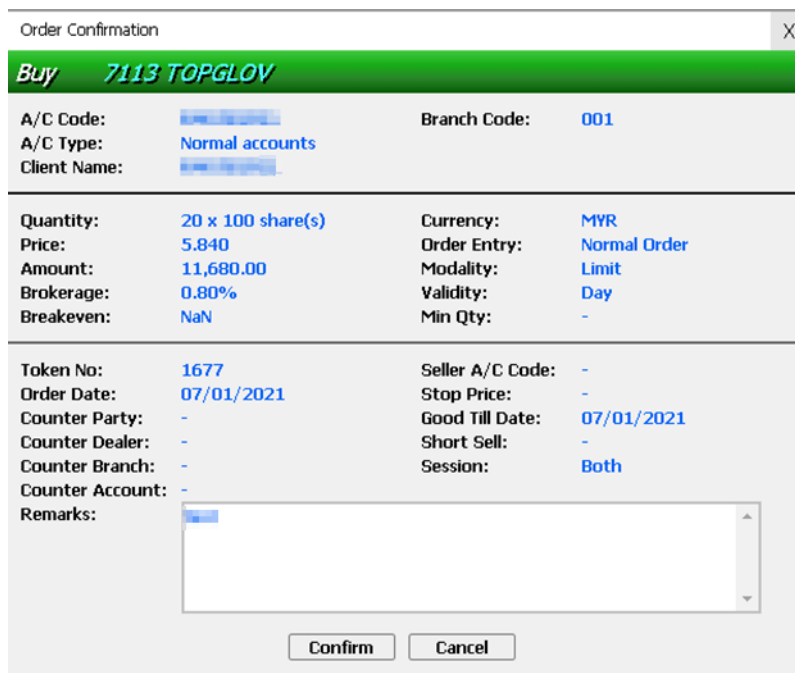

Screen 3: Order Entry – Trading Pin Required

You can choose your trading PIN prompting option to either ‘Always ask for trading pin.’ or ‘Ask for trading pin only once per browser session.’ in which you can choose to set the idle time.

Click ‘OK’ to continue with the purchase.

An order confirmation will appear.

Screen 4: Order Entry – Order Confirmation for Buy

Click **Confirm** to confirm the purchase or click **Cancel** to cancel the purchase.

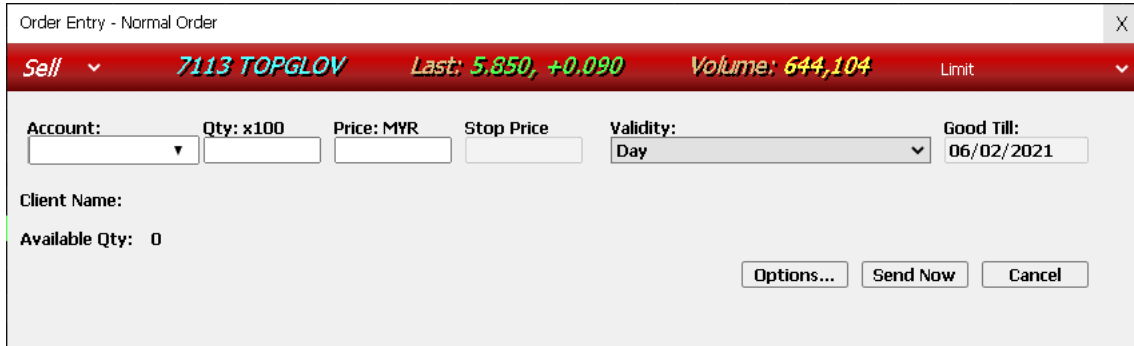

To Sell Online Stock

Select a counter from the Live Quotes, then click on **Sell** button to place a Normal order type.

Screen 1: Order Management Bar – Sell

An **Order Entry** window is displayed.

Order Entry - Normal Order

Sell ▾ **7113 TOPGLOV** **Last: 5,850, +0.090** **Volume: 644,104** Limit ▾

Account: ▾ Qty: x100 Price: MYR Stop Price Validity: Day ▾ Good Till: 06/02/2021

Client Name:
Available Qty: 0

Options... Send Now Cancel

Screen 2: Order Entry – Normal Order for Sell

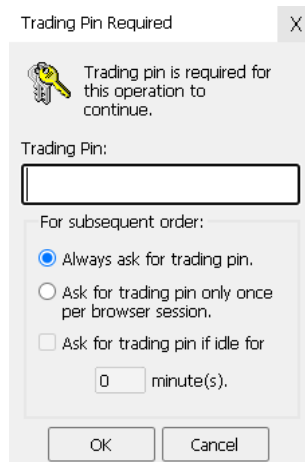

Next, select from **Account** list. The account should be your account name. If you have more than one account, select the appropriate account from the dropdown list.

Next, select **Quantity** of shares you want to sell.

Next, select **Price** in your desired selling value.

Select **Validity**.

After clicking **Send Now**, you will be prompted for trading PIN. Key in your trading PIN.

Trading Pin Required

Trading pin is required for this operation to continue.

Trading Pin:

For subsequent order:

Always ask for trading pin.

Ask for trading pin only once per browser session.

Ask for trading pin if idle for minute(s).

OK Cancel

Screen 3: Order Entry – Trading Pin Required

You can choose your trading PIN prompting option to either **'Always ask for trading pin.'** or **'Ask for trading pin only once per browser session.'** in which you can choose to set the idle time.

Click **'OK'** to continue with the transaction.

An order confirmation will appear.

Order Confirmation X

Order Filter

Order Filter is used to manage how your order style should be. Many criteria listed for the order made by you such as *Order Source, Type, Session, Order Entry, Status, Modality* and etc.

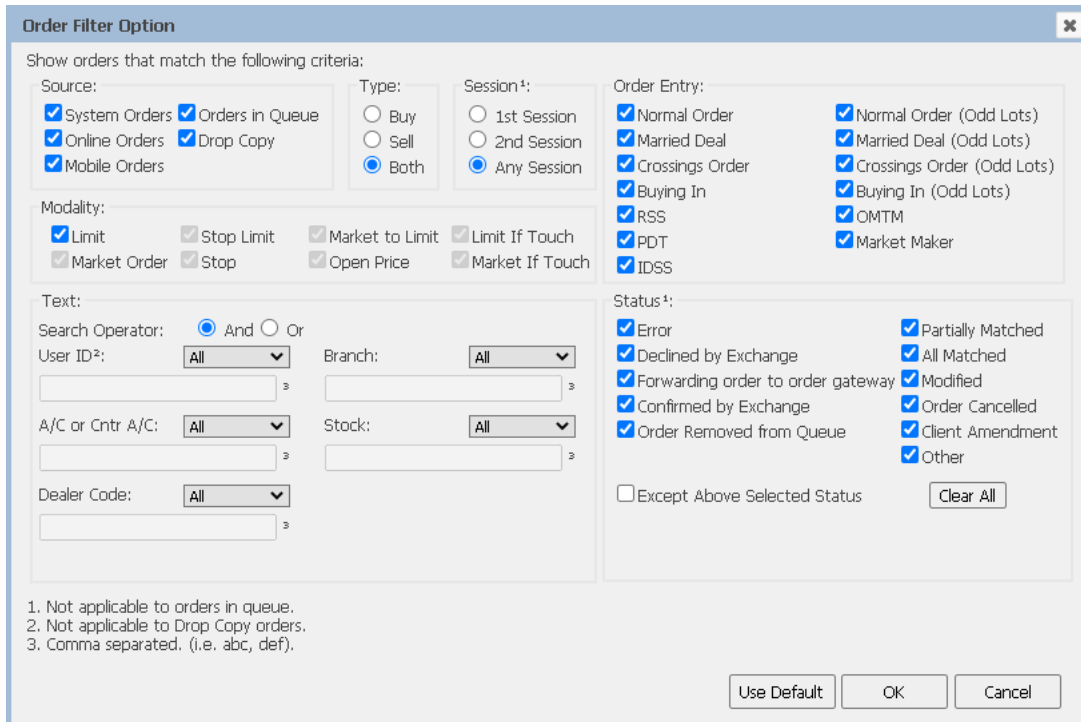

You can differentiate your Order Filter by assigning it to respective folder. For example, please refer to **Organise Filter** sub-section.

To view order filter, click on **Filter** icon.

The image shows the same 'Trade: Order Status' window as in the previous screenshot. The 'Filter' icon, which is a funnel with a plus sign, is highlighted with a red square in the top toolbar.

Screen 1: Trade: Order Status – Filter

An **Order Filter Option** window is displayed.

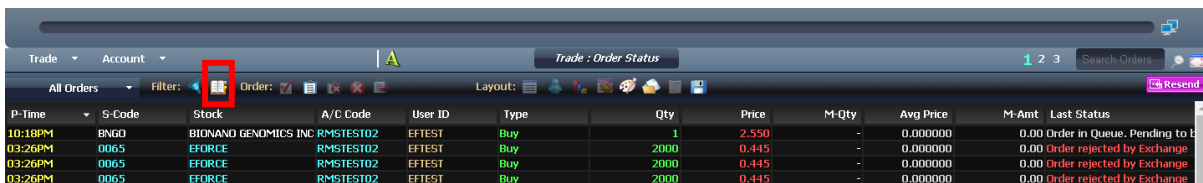

Screen 2: Trade: Order Status – Order Filter Option

Create New Filter

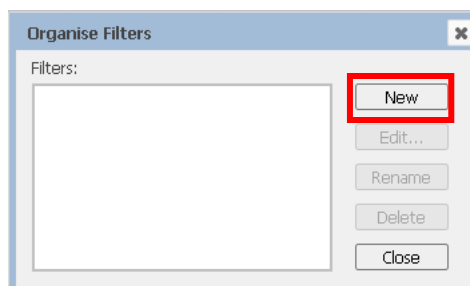

This sub-function is meant for you to organize your order filter, whereby you can create new filter, rename or delete the order filter.

To create a new filter, click on **Organise Filters** icon.

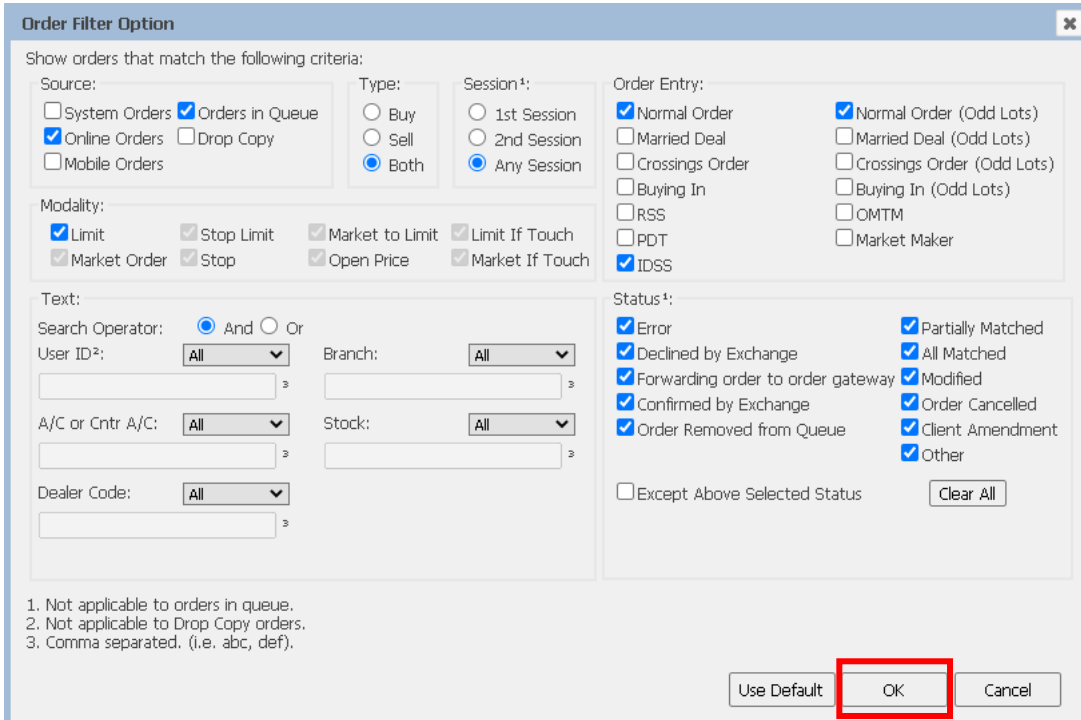

Screen 1: Trade: Order Status – Organise Filters

Click **New** and an **Order Filter Option** pop-up box is displayed.

Screen 2: Organise Filters – New

Select your preferred criteria by checking/unchecking from the selection or selecting from the provided list such as **User ID**, **Account** and **Stock**.
