

The screenshot shows the RHB TradeSmart website interface. At the top, there is a navigation bar with the RHB TradeSmart logo and tagline 'Control . Convenience . Rewards'. To the right of the logo, there are links for 'Login' (with a lock icon), 'Forgot Password' (with a person icon), 'Sign Up now' (with a pencil icon), 'We're here to help' (with a person icon), and 'Get Started' (with a speech bubble icon). Below the navigation bar, there is a 'MENU' dropdown and a 'RETAIL EQUITIES Sign Up & Get Rewarded Campaign' banner. The main content area features a large image of a smiling woman holding a smartphone. Two callout boxes are overlaid on the image: one pointing to the 'Login' button with the text 'Click on login button to login to your account', and another pointing to the 'Sign Up now' button with the text 'If you are new and don't have an online account, click here to sign up for Online Share Trading or Futures Account'. Below the image, there is a 'Find Out More' button. At the bottom of the page, there is a footer with various links: 'Client Charter', 'Privacy', 'Terms & Conditions for Trading', 'Terms of Use', 'Disclaimer', 'PDPA Privacy Notice', 'FAQ', 'User Guides', 'Sitemap', and '© 2026 RHB Banking Group. All rights reserved.' There are also icons for 'Open an Account', 'Download Applications', 'Events', 'Important Announcement', and 'Fraud Alert'.

The screenshot displays the RHB TRADESMART trading platform interface. At the top, there is a navigation bar with the RHB logo and the tagline 'Control . Convenience . Rewards'. The main area is divided into several sections:

- Navigation Bar:** Includes 'MyPage', 'Templates', 'Portfolio', 'Alert', 'Orders', 'Market Info', 'News', and 'Subscriptions'. On the right, there are icons for 'Calculator', 'Price Alert', 'Matched', 'Rejected', and 'Message'.
- Market Summary:** Shows 'Cl: 0 (0/0%)', 'T.Mol(Sharia) 105,700', and 'Turnover(RM) 150,200'.
- Quotes Table:** A table with columns for 'Exch', 'Code', 'N', 'Sta', 'Name', 'Ref', 'Open', 'High', 'Low', 'B/Qty', 'Buy', 'Sell', 'S/Qty', 'L.Vol', 'Last', 'Chg', '%Chg', 'Volume', 'R/D', 'TOCP', 'S', 'M'. It lists various stocks like 'CONNECT', 'YOCB', 'AASIA', 'MAYBANK', 'ASIAPLY', 'EATECH', 'BENALEC', and 'JTECH'.
- Market Queue:** A table showing 'BQty', 'Buy', 'Sell', and 'SQty' for the selected stock 'YOCB (5159)'. It lists the last three bids.
- Order Pad:** A form for placing orders, including fields for 'Order Type', 'Validity', 'Qty (x1)', 'Price (MYR)', and a 'SUBMIT' button.

Under Portfolio, you will find your Account Portfolio, Internet Banking (FPX) and Portfolio Manager.

- **Account Portfolio** contains all details pertaining to your Trading Accounts.
- **Internet Banking (FPX)** is where you can make fund transfers to your Trust Account for payments.
- **Portfolio Manager** enables you to create multiple portfolios to track your stock's live performance.

The screenshot displays the RHB TradeSmart interface. At the top, a navigation bar includes 'MyPage', 'Templates', 'Portfolio', 'Alert', 'Orders', 'Market Info', 'News', and 'Subscriptions'. The 'Portfolio' menu is open, showing 'Account Portfolio', 'Internet Banking (FPX)', and 'Portfolio Manager'. A red arrow points to the 'Account Portfolio' option. Below the menu, a 'Quotes' table is visible, listing various stocks with their respective prices and changes. A white callout box with a black border is overlaid on the table, containing the text: 'View your account details, make payment or set up your portfolio'.

Quotes is the default main widget. If your page does not contain the Quotes widget, then other widgets are just grouped according to the matched colour indicators.

The screenshot displays the RHB TradeSmart trading interface. At the top, there is a navigation bar with icons for MyPage, Quotes, Portfolio, Alert, Orders, Market Info, and News. Below this is a secondary bar with tabs for Quotes, Portfolio, Order Status, and Tech Analysis. The main area is divided into three primary widgets: Quotes, Order Pad, and Technical Chart. The Quotes widget is the largest and is highlighted with a red arrow from the text box above. It shows a list of stocks with columns for Exch, Code, N, S/Qty, and Last. The Order Pad widget is on the right, featuring a green background and a BUY button. The Technical Chart widget is at the bottom, showing a candlestick chart for stock 5099 AIRASIA. A text box in the center explains that matching color indicators link widgets, and another text box at the bottom explains that the Quotes and Order Pad widgets do not change when the Technical Chart widget is selected.

Matching color indicators will link your widgets. In this example, the Quotes widget is the main widget and the Order Pad and Technical Chart have been linked to it. When a stock is selected on the Quotes widget, the Technical Chart will show the selected stock and the Order Pad will contain the selected stock details

You may search to view charts of other stocks, but since the Technical Chart is not the main widget here, the Quotes and Order Pad widget will not change to the selected stock from the Technical Chart Widget.

1 Click on the [+] to create a new page

2 Drag the widgets into the blank area

3 Click here to close the Widgets menu once you are done selecting

4 Resize the widget by dragging the corners

5 Save the tab once you are done

6 You may customise the name of the page when you save. The name can be changed when in 'Edit' mode.

Your saved pages will appear under this menu

Enable the pin to disallow the Widgets menu from moving around

Click this to remove the Widget from your page

Click this to add rows to the bottom of your page

Click here to reopen the Widgets menu

To edit the page that you have saved, click here

The screenshot shows the RHB TRADESMART interface with a grid of widgets. A 'Widgets' menu is open on the left, and a 'Save As' dialog box is visible in the center. The interface includes a top navigation bar with 'MyPage', 'Quotes', 'Portfolio', 'Alert', 'Orders', 'Market Info', and 'News'. A secondary bar contains 'Calculator', 'Price Alert', 'Matched', 'Rejected', and 'Message'. The main area has tabs for 'Quotes', 'Portfolio', 'NewTab_1', and 'Technical Charting'. A '+ Widget' button and 'Add Row' button are also visible.

The screenshot displays the RHB TradeSmart trading interface. At the top, there is a navigation bar with icons for MyPage, Templates, Portfolio, Alert, Orders, Market Info, News, and Subscriptions. On the right side of the navigation bar, there are icons for Calculator, Price Alert, Matched, Rejected, and Message. The main area is divided into several sections:

- Quotes:** A table listing various stocks with columns for Exch, Code, N, Sls, Name, Ref, Open, High, Low, B/Qty, Buy, Sell, S/Qty, L.Vol, Last, Chg, %Chg, and Volume. The stock NEXGRAM is highlighted in green.
- Market Queue:** A table showing the market queue for NEXGRAM, with columns for BQty, Buy, Sell, and SQty.
- Order Pad:** A form for placing orders, including fields for Exchange, Stock Name, Account No., Buy/Sell, Order Type, Validity, Qty, Price, and a SUBMIT button.

Numbered callouts (1-6) provide instructions for using the interface:

- On the Quotes tab, highlight the stock that you wish to buy/sell
- Select buy or sell
- Select the account which you wish to trade from
- Key in the qty, price and select the validity period for your bid
- Key in your Trading PIN. You may check the 'Keep PIN' box for the system to remember your PIN
- Hit the 'Buy' or 'Sell' button

These respective icons will blink and change colour when an order is matched or rejected

Order Pad will display stock that has been highlighted on Quotes tab, but you may change the stock by keying in the stock name code here

Key in your Trading PIN. You may check the 'Keep PIN' box for the system to remember your PIN

1 On the Quotes tab, highlight the stock that you wish to buy/sell

Select the exchange here

2 Select buy or sell

Market Queue tab will display the stock that has been selected on Quotes tab

3 Select the account which you wish to trade from

4 Key in the qty, price and select the validity period for your bid

6 Hit the 'Buy' or 'Sell' button

Message box will notify you of any errors on the Order Pad

Placing a Good-Till-Date (GTD) order

Order Pad - [BME] MAYBANK (1155) Lot Size 100

Sell SQty BME MAYBANK Select Account No. BUY SELL Enter Trading PIN Keep

Order Type Validity Qty (x1) Price (MYR) 1155 - MAYBANK (Active) Lot Size 100

1 Select and key in the transaction details

2 Select 'GTD' on validity menu and select the date. You can select up to a maximum of 30 days.

Notes to placing GTD order

- Available for BME and foreign markets.
- GTD order for BME will be termed BURSA GTD. Upon submission to BURSA, the order will reside there until it is matched, expired or cancelled by client.
- BURSA GTD order will be eliminated automatically when:
 - The GTD order(s) is more than your available trading limit.
 - The counter is suspended from trading/delisted by the respective Exchange.
 - The counter goes through Corporate Exercise.
 - The price of the order falls outside the price limit range

Placing a Conditional order

Notes to placing Conditional order

- Conditional order is allowed for normal market for all exchanges except ASE.
- When user ticks on “This order will be placed upon meeting the following criteria” checkbox the following fields will be enabled for user to enter the trigger condition.
 - Exchange
 - Stock Code/Name
 - Price condition (Greater Than, Less Than or Equal To)
 - Price

Order Type	Validity	Qty (x1)	Price (MYR)
BUY	GTD (31-03-2017)	1,000	2,400.00

This order will be placed upon meeting this criteria.

Exchange: BME | Stock Code: gent | Price Condition: Greater Than | Price: 9.200

Code	Name
3182	GENTING
3182WA	GENTING-WA

BUY

1 Select and key in the transaction details

2 Tick the checkbox to place a condition

3 Key in your conditions

4 Click on 'BUY' or 'SELL'. Your order will be placed upon meeting your set criteria

Placing a Stop Limit order

1 Select and key in the transaction details

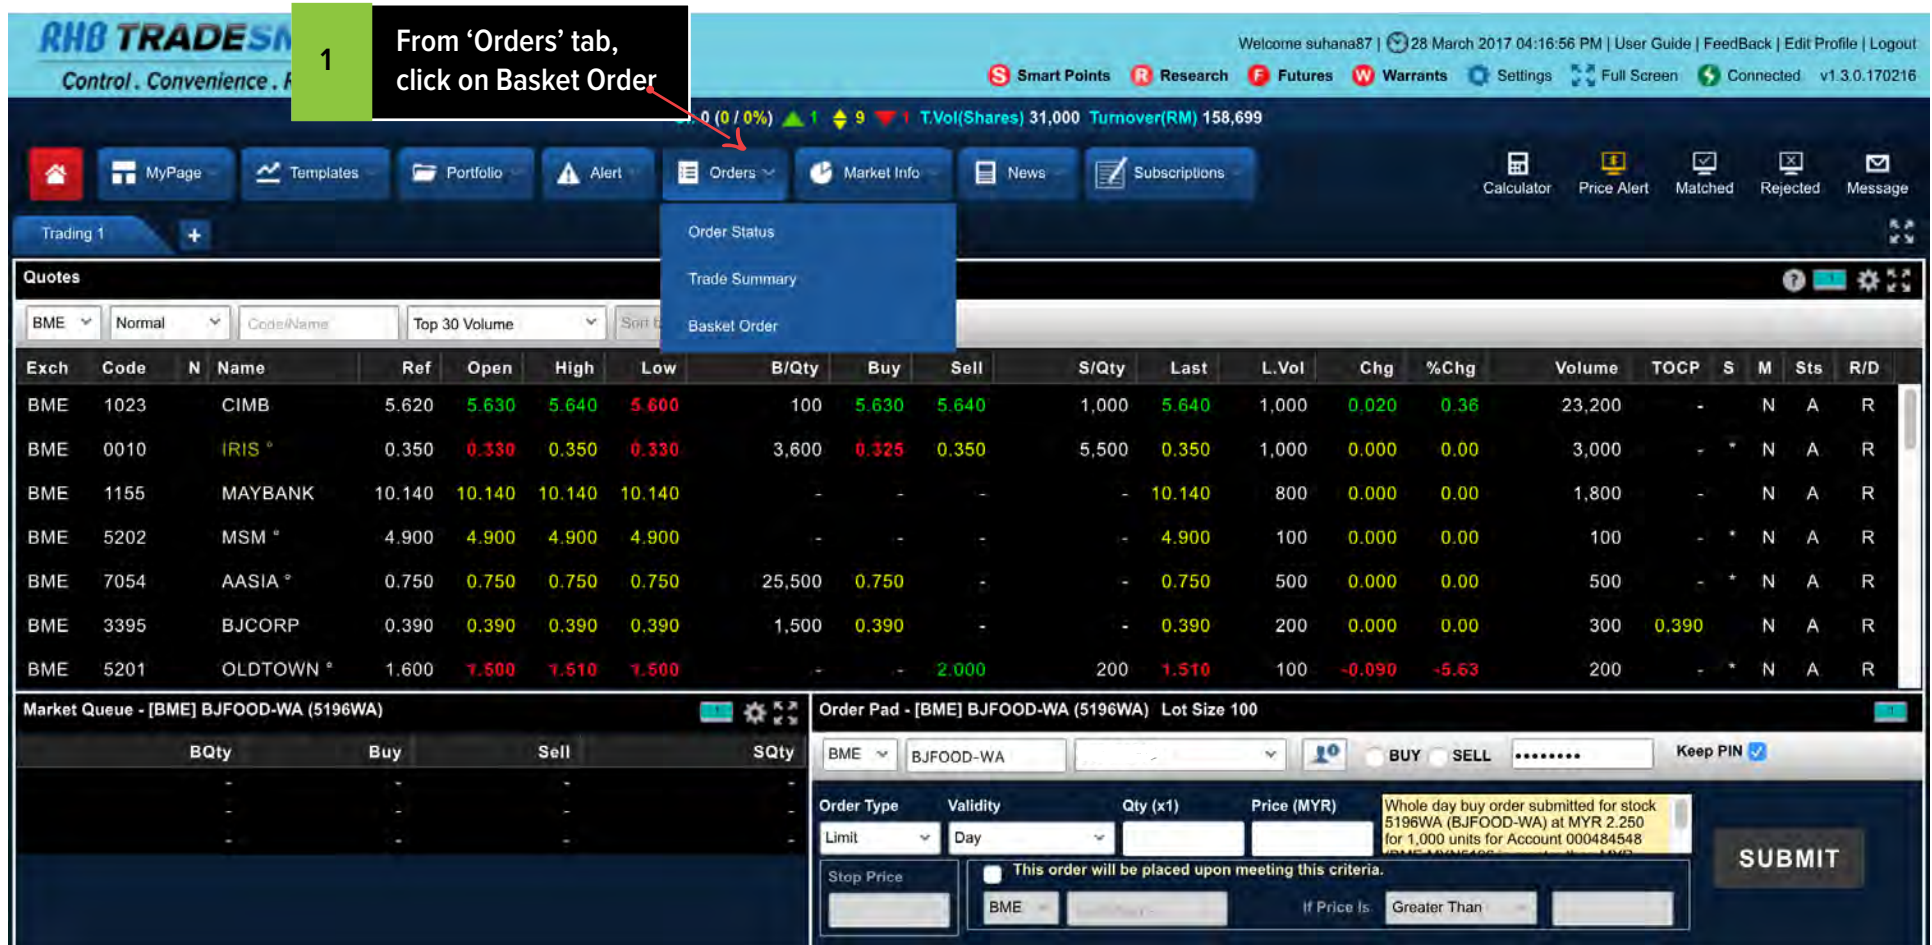

2 Select 'Stop Limit' on Order Type menu

3 Key in your Stop Price.

For Buy orders, the stop price must be greater than or equal to last done or reference price.
For Sell orders, the stop price must be lower than or equal to last done or reference price.

- ### Notes to placing Stop Limit order
- For Buy stop limit order,
 - The Stop Price must be greater or equal to last done price or reference price in the absence of last done price.
 - The order price must be greater or equal to the Stop Price.
 - Order Price \geq Stop Price \geq Last/Ref Price
 - For Sell stop limit order,
 - The Stop Price must be lower or equal to last done price or reference price in the absence of last done price.
 - The order price must be lower than or equal to the Stop Price.
 - Order Price \leq Stop Price \leq Last/Ref Price

Viewing your order details

- 2 Filter your viewing options accordingly
- 1 Select this tab and then select 'Order Status'
- 3 Right-click on any of the listed stock and click on 'Details' to view transaction details*

The screenshot displays the RHB TRADESMART Order Status interface. At the top, there's a navigation bar with 'Orders' selected. Below it, a filter bar shows 'GTD Orders' selected. The main area contains a table of orders with columns: Exch, Date, Account, Code, Name, Market, B/S, Type, Validity, Price, Status, OriginalQty, CancelQty, MatchedQty, and Balance. The 'Status' column shows various statuses like 'C. RECEIVED', 'REJECTED', 'UNMATCHED', and 'COMPLETED'. Annotations include: 1. 'Orders' tab selected. 2. 'GTD Orders' filter selected. 3. 'Name' column highlighted. 4. 'Status' column highlighted. 5. 'Reset' button highlighted.

- To view your GTD Orders, use this filter
- To view your Stop Limit orders, use this filter
- Offline orders keyed in by your dealer will be displayed within this list

Viewing your order details

Displays the time log for each order event

Displays the details that you have keyed in for this order

The screenshot displays the RHB TRADESMART trading platform. An 'Order Information' pop-up window is open, showing details for an order. The window has two tabs: 'Order Event' and 'Order Detail'. The 'Order Detail' tab is active, displaying a grid of order parameters. The status is 'C. RECEIVED'. The background shows a trading interface with a table of order status.

Exch	Date	Price	Status	OriginalQty	CancelQty	MatchedQty	B:
BME	28-0	MYR 0.300	IN MARKET	200	100	0	
BME	28-0	MYR 0.300	CANCELLED	200	200	0	
BME	28-0	MYR 0.300	IN MARKET	200	0	0	
BME	28-0	MYR 0.300	IN MARKET	400	0	0	
SGX	23-0	SGD 0.010	C. RECEIVED	100	0	0	

Amending your order

1

Select this tab and then select 'Order Status'

2

Filter by: Completed, unmatched, cancelled, rejected, outstanding, expired. Only orders which are outstanding can be amended

The screenshot shows the RHB TRADESMART Order Status page. The 'Orders' tab is selected, and the 'Order Status' sub-tab is active. A dropdown menu is open for the 'Limit' filter, showing options: 'All Type', 'Limit', and 'Stop Limit'. A red arrow points from the 'Orders' tab to the 'Order Status' sub-tab, and another red arrow points from the 'Limit' dropdown to the 'All Status' filter. A white box with a red arrow points to the 'Status' column of the order table, containing the text: 'Right-click on any of the listed stock to perform changes to the transaction or to view order details.'

1 Adding stocks to watchlist
 On Quotes page, select the stock and right-click to bring up the menu. Click on 'Add to Watchlist' and select the Watchlist

To view your Watchlist, click here and select 'Watchlist'

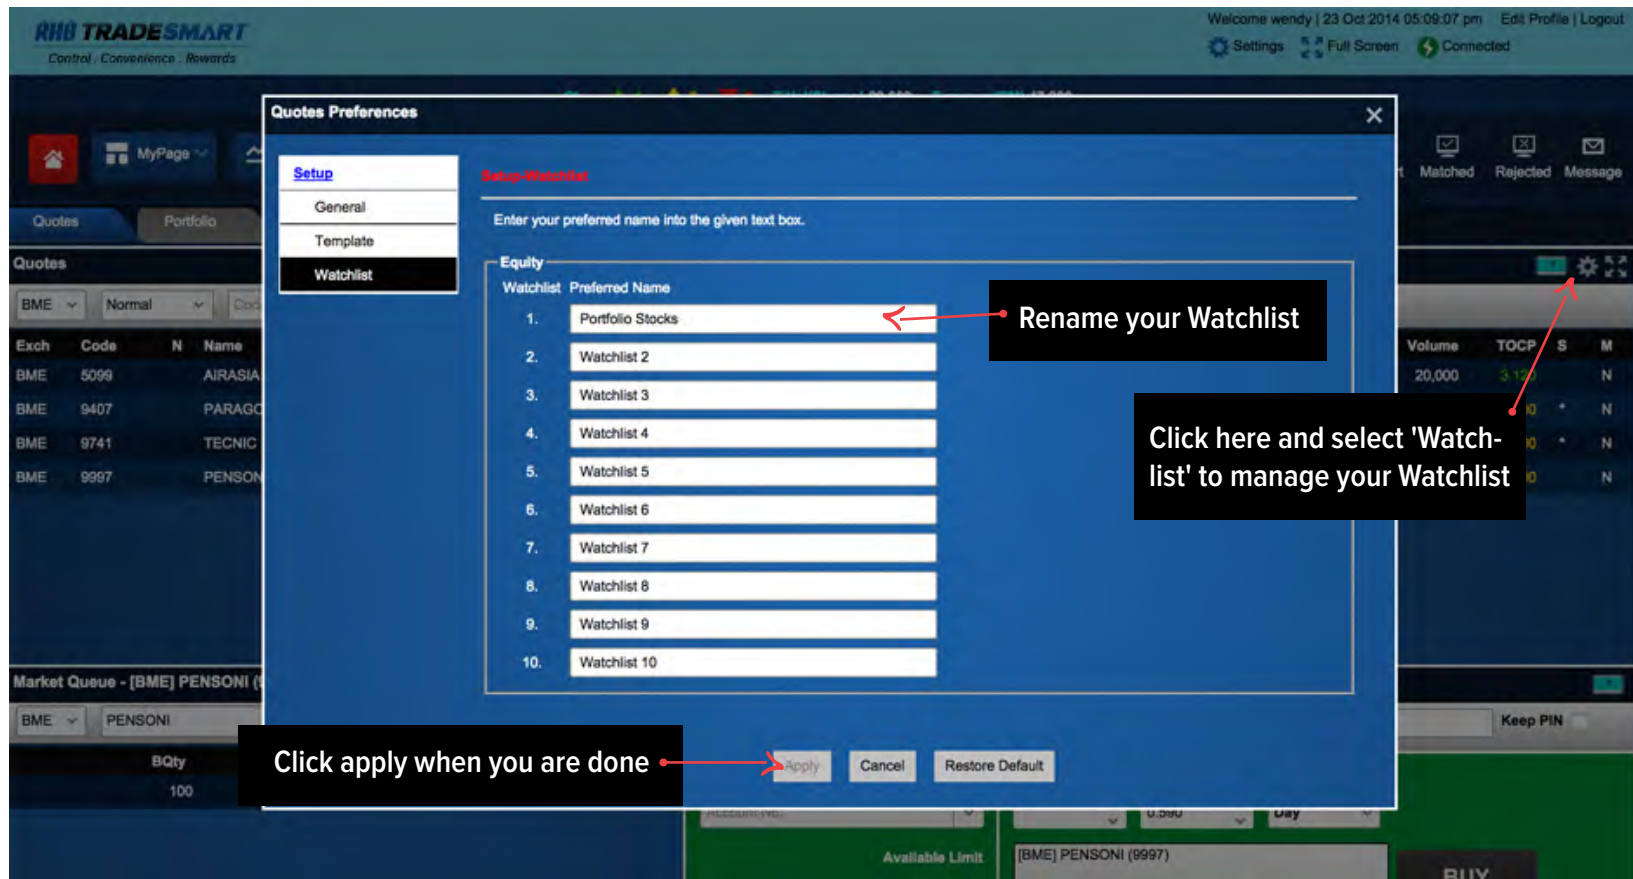

Your watchlist can comprise stocks from different markets, identified by the Exchange column

Removing stocks from watchlist
 Highlight the stock from your Watchlist, right-click to bring up the menu. Select 'Remove from Watchlist'

Click here to go to Watchlist settings

The screenshot shows the RHB TRADESMART interface with a 'Quotes' table. The table has columns for Exchange, Code, Name, Price, and Volume. A context menu is open over a stock entry, showing options like 'Add to Watchlist', 'Remove from Watchlist', and 'Intraday Chart'. A settings icon in the top right of the table is also highlighted.

Exch	Code	N	Sts	Name	Ref	Open	High	Low	B/Qty	Buy	Sell	S/Qty	L.Vol	Last	Chg	%Chg	Volume	FOCP	S	M

The screenshot shows the 'Quotes Preferences' dialog box in the RHB TRADESMART application. The dialog has a sidebar with 'Setup', 'General', 'Template', and 'Watchlist' options. The 'Watchlist' option is selected. The main area is titled 'Setup-Watchlist' and contains a text input field for a preferred name, followed by a table of watchlists. The table has two columns: 'Watchlist' and 'Preferred Name'. The first row is 'Portfolio Stocks', and the others are 'Watchlist 2' through 'Watchlist 10'. At the bottom of the dialog are 'Apply', 'Cancel', and 'Restore Default' buttons. Three callout boxes provide instructions: one pointing to the first row of the table, one pointing to a gear icon in the background, and one pointing to the 'Apply' button.

Apply Cancel Restore Default

Click here and select 'Watchlist' to manage your Watchlist

Rename your Watchlist

Click apply when you are done

Your price alert stocks can comprise stocks from different markets, identified by the Exchange column

3 To view all stocks that you have set the price alerts, select 'Price Alert' from the Alert menu

4 The price alert icon will blink and change colour once any price alert is met

The screenshot displays the RHB TradeSmart interface. At the top, there is a navigation bar with icons for MyPage, Quotes, Portfolio, Alert, Orders, Market Info, and News. Below this, there are tabs for Quotes and Portfolio. The main area shows a 'Quotes' table with columns for Exch, Code, N, Name, Ref, Open, High, and Low. A 'Price Alert Setting' dialog box is open, showing fields for Stock Code (0005), Stock Name (XINGHE), Target Buy Price, and Target Sell Price. A 'Notes' field is also present. At the bottom, there are buttons for 'Clear', 'Save', and 'Close'. A 'BUY' button is visible in the bottom right corner.

1 Highlight the stock from any page and right-click to bring up the menu. Select 'Add to Price Alert'

2 On the setting box, key in your Target Buy Price, Target Sell Price, Notes if any and click on 'Save'

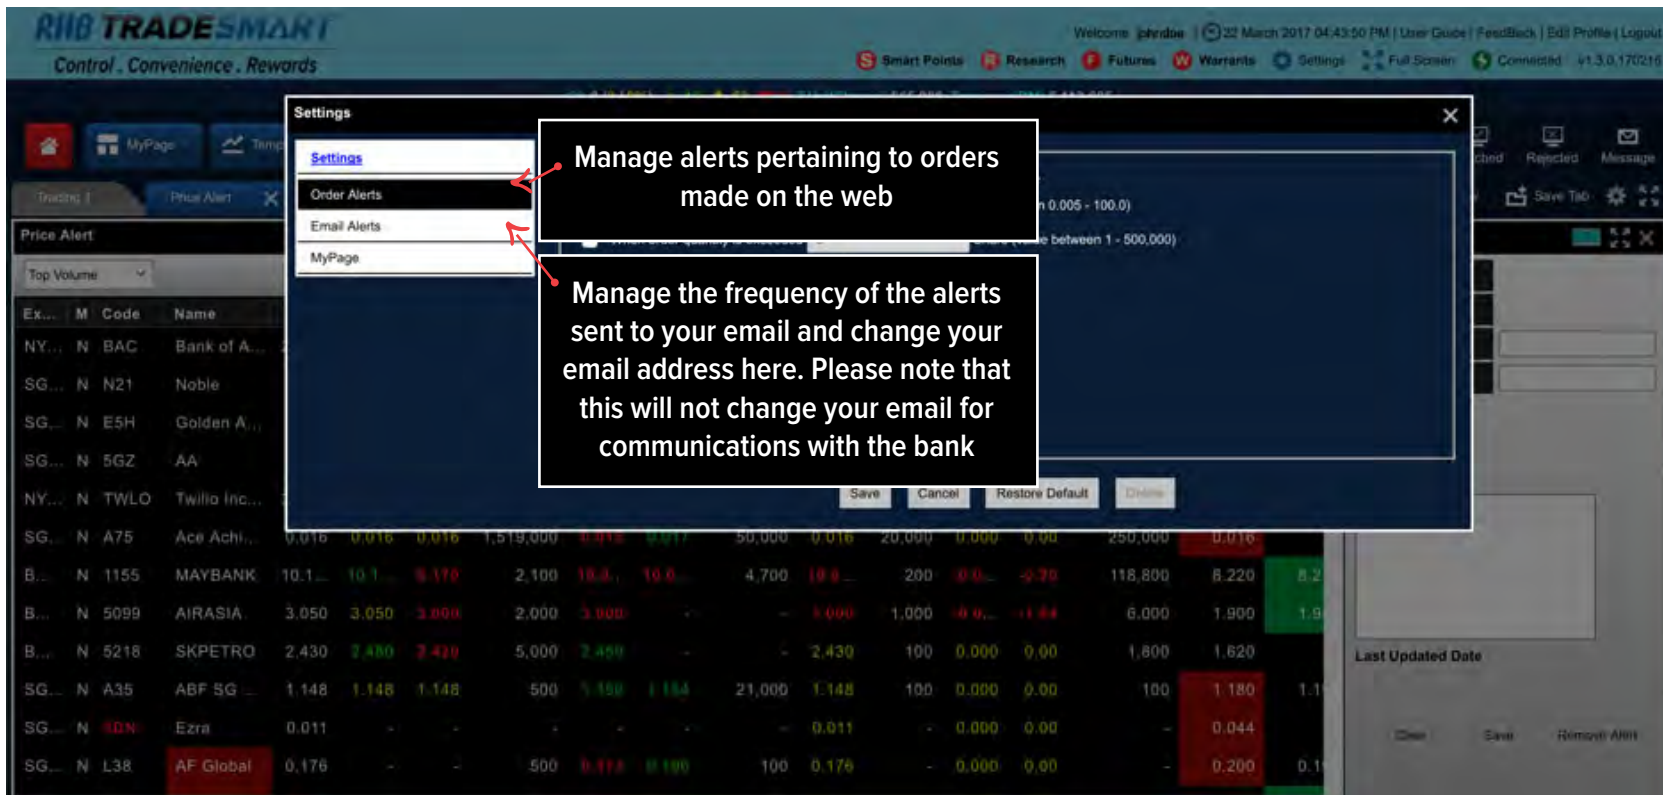

This global settings allow you to manage items for the entire platform

This allows you to edit items pertaining to the widget only

The screenshot displays the RHB TRADESMART interface. At the top, there is a navigation bar with the logo and tagline. Below it, a status bar shows market data and user information. A main menu contains various trading and account management options. The central area features a 'Price Alert' widget with a table of stock data. A settings panel is overlaid on the right side of the table, allowing for individual widget configuration.

Settings

The screenshot shows the RHB TRADESMART interface with a 'Settings' modal window open. The modal contains a list of settings: Settings, Order Alerts, Email Alerts, and MyPage. Two callout boxes provide instructions:

- Manage alerts pertaining to orders made on the web**: Points to the 'Order Alerts' option.
- Manage the frequency of the alerts sent to your email and change your email address here. Please note that this will not change your email for communications with the bank**: Points to the 'Email Alerts' option.

The background shows a market data table with columns for Exchange, Market, Code, Name, and various price/volume metrics.
